

## Village of East Aurora

Key to on-street parking available near businesses on the south side of Main St. between S. Willow and Oakwood, while parking is unavailable in the main lot due to construction.

- Green lines show on-street parking available on both sides of the street  
Includes Main Street, N. Willow and S. Willow streets
- Blue lines show on-street parking available on one side of the street  
Includes Oakwood Avenue and Hamlin Avenue

This important construction replaces an old and deteriorated culvert pipe under the parking lot. This must be done during summer months when water flow through the culvert is at its lowest. The project is slated to be done in 100 days. Once completed, available parking in this lot will nearly double in size. The Village appreciates everyone's patience and understanding.
