

EMAIL TEMPLATE

Subject Line: It's Checkup Time! Let <COMPANY> and Wellview save you a trip to the doctor's office.

Team,

Whether you're here at work or at home, your time is valuable. Spending it in a doctor's waiting room is probably not the way you want to spend it.

That's why <COMPANY> and Wellview have scheduled an On-Site Checkup Event for <DATE/TIME> at <LOCATION>. It's a free opportunity to get a snapshot of your health and make a plan for what comes next.

So how does the Wellview Checkup work?

- You'll receive an email from Wellview directly with everything you need to schedule your Checkup. Remember, your spouse and dependents can schedule their checkups as well!
- A trained health professional will gather basic health information and a small amount of blood via a fingerstick for a real-time assessment of your health.
- You will have a private Healthy Living Consultation with a Wellview Health Advisor to ask questions and explore your next steps in health.

Whether you're already using your Wellview benefit or new to Wellview, this is an opportunity to learn how Wellview can best support you and your family on your health journey.

Cultivating a culture of health here at <COMPANY> is important to our success. So I hope you'll join me at this year's Wellview On-Site Checkup.

As a reminder, Wellview is committed to protecting your privacy, and is required by law to protect your information. Everything you do with Wellview is 100% confidential, and your personal health information will never be shared with anybody.

So keep an eye out for that email from Wellview.

Best in health,

NAME
