APPLICATION STAGES

Apply at www.floodgate.com/reactor

Do I have to be a current student to apply?

You should either be a current enrolled student, a student on a LOA, or a recent grad, but not full-time employed.

Do I need to have an idea?

No, this program is about exploration, iteration, and testing product market fit. Even if you have an idea, we believe it is likely to evolve before you find traction.

Can I apply as an individual?

Yes, but we have a strong preference for teams.

Do I have to be in SF for the summer?

Yes! You will receive \$50k in funding and we anticipate you'll use a portion of that for living expenses. Cohort learning in-person is a key part of our program.

What if I'm an international student?

We welcome international students to apply, but it is your responsibility to ensure all visa requirements are met.
