

Parklands Drive Precinct Update

From Monday 24 September 2012, GoldLinQ will begin the next phase of works in Parklands Drive. These works will involve:

- Re-aligning and re-profiling Parklands Drive
- New bus shelter and footpath construction
- Underground service relocations and drainage works.

Construction is expected to take six to eight weeks weather permitting. To facilitate these works GoldLinQ will implement changed traffic conditions along Parklands Drive.

Parklands Drive during construction

Traffic changes:

- Traffic lanes will move to the eastern side of Parklands Drive, between Engineering Drive and the Smith Street Motorway.
- Traffic flows on Parklands Drive between Alumni Place and Engineering Drive will remain unchanged.
- The existing bus stop and set down area at the southern end of Parklands Drive will remain unaffected.
- Pedestrian access routes will be maintained around the construction area.

What to expect:

- The majority of construction work will be carried out between 6:30am and 6:30pm, Monday to Saturday.
- Installation of safety barriers and fencing to contain the construction area.
- Heavy machinery, such as excavation and crane movements to facilitate construction activities.
- Construction of new footpaths, kerbs and roadway.
- Construction will involve relocating services, above and below ground, such as gas, water and electricity, and upgrading storm water drainage.
- Construction noise, dust and vibration at times. Every effort will be made to minimise these impacts.
- Timing of this work is subject to weather conditions and construction constraints.

Night works:

- Night works may be required as part of these works to minimise the impact on businesses, pedestrians and traffic. Affected businesses and residents will be notified in advance of night works.
- During night works vehicles will use “quacker” (quieter) style reversing alarms to reduce noise.
- Light towers will be placed to limit glare to nearby residences.
- Night work will be carried out between 6.30pm and 6.30am, Sunday to Thursday.

We apologise for any inconvenience and thank you for your patience during construction.
