

Construction starting in Surfers Paradise

From Sunday 12 August 2012, construction will begin along Surfers Paradise Boulevard at the intersection of Elkhorn Avenue.

Every effort will be made to halt construction in this area during the Christmas holiday period.

Traffic changes:

During construction Surfers Paradise Boulevard will become one-way southbound from View to Cavill Avenues.

Access to Chevron Island will be maintained for the majority of construction via a right hand turn from Surfers Paradise Boulevard onto Elkhorn Avenue (see map).

Alternative routes and redirections will be signed. Please drive to the conditions at all times.

What to expect:

- Installation of safety barriers and fencing to contain the construction area.
- Heavy machinery, such as excavation and crane movements to facilitate construction activities.
- Construction will involve relocating services, above and below ground, such as gas, water and electricity, and upgrading storm water drainage.
- Construction noise, dust and vibration at times. Every effort will be made to minimise these impacts.
- Pedestrian access routes will be maintained around the construction area (see map). Temporary footpath closures near the active work area will occur and alternative routes will be signed.
- Vegetation removal to accommodate the constrained corridor and to facilitate construction activities.
- Construction of new footpaths, kerbs and roadway.
- The majority of construction work will be carried out between 6:30am and 6:30pm, Monday to Saturday.
- Timing of this work is subject to weather conditions and construction constraints.

Night works:

- Night works will be required as part of these works to minimise the impact on businesses, pedestrians and traffic. Affected businesses and residents will be notified in advance of night works.
- During night works vehicles will use "quacker" (quieter) style reversing alarms to reduce noise.
- Light towers will be placed to limit glare to nearby residences.

We apologise for any inconvenience and thank you for your patience during construction.
