

Weekly Construction Update #92

Week commencing 20 January 2014

Get Ready, Get Set, Go!

Don't stop on the tram tracks!

If turning at a green light remain in the traffic lane until other vehicles have passed and watch for trams in both directions. Do not wait on the tracks for cars to pass.

Penalties now apply for parking on the tracks.

It is safe to turn on a green arrow and remember to only U-Turn where a U-Turn Permitted sign is displayed.

Work commencing 20 January 2014

Parklands

Kerb, footpath, drainage, landscaping and tram testing continues. Temporary footpath closures are in place near the Engineering Drive bus stop, please use signalised crossings to access Griffith University.

Southport

Queen Street

From Wardoo Street to Nerang Street

Tram testing continues. Finishing works will occur throughout the week and some night works may be required for CCTV installation.

Night works will continue from Monday 20 January at the intersection of Wardoo Street and Firestone Street.

Nerang Street

Between Queen and Davenport Street

Finishing works and services installation will occur including some night works and lane closures.

Between Davenport Street and Scarborough Street

Drainage installation works will occur on the southern side of the station in the footpath area. Finishing works, landscaping and station works will continue.

Scarborough Street

Southport paving and night works

Footpath and landscape works are underway in Southport. The work involves jack-hammering and removing the current pavement, replacing and levelling underground service pit lids and laying a new concrete base and pavers.

Day, night and weekend works will be required to maintain access to businesses and complete work as quickly as possible. Night works will occur between 6:30pm and 6:30am.

Pedestrian detours will be in place. Please follow all directions and signage for safety.

Near Hinze Street

Finishing works will occur including concreting medians, underground services and footpath works.

Between Nerang Street and Queen Street

Tram testing, footpath and landscaping works will continue. Do not walk on the tracks, watch for trams and cross at pedestrian crossings.

Night works will be required for pavement works and underground services.

Overhead wires are live and trams are testing in Southport

Overhead power lines in Scarborough Street are live and tram movements continue.

Trams are currently testing at operational speeds and overhead wires are live from the [Gold Coast University Hospital Station at Parklands Drive to the Broadwater Parklands Station north of the Sundale Bridge](#).

Queen Street

From Scarborough Street to Barney Street

Finishing works including track form kerbs, concrete infills, footpaths and landscaping continues. Lane closures and night works will occur.

Weekly Construction Update #92

Week commencing 20 January 2014

Nerang River

Overhead wires are live and trams are testing to Surfers Paradise

From Wednesday 22 January, overhead wires will be powered up in Surfers Paradise from the [Nerang River Bridge to the intersection of Staghorn Avenue and Surfers Paradise Boulevard](#).

Tram testing can be expected to occur at anytime and overhead wires are live from the Gold Coast University Hospital Station at Parklands Drive to Staghorn Avenue, north of the Cypress Avenue Station in Surfers Paradise.

Shared cycle and pedestrian bridge

Piling works continue on the northern side with changes to the pedestrian access on the boardwalk. Girder installation will continue at night with lane closures on the existing traffic bridge.

Light rail bridge

From Wednesday 22 January, overhead wires will be live and tram testing will occur at any time. Track finishing and painting will continue.

Nerang River Barge movements

The barge Leonora is on the northern side of the river to the east of the traffic bridge. Mariners are advised to use caution. Details are available on the [Maritime Safety Queensland website](#).

Paradise Waters

Gold Coast Highway

From Wednesday 22 January, overhead wires will be live and tram testing will occur at any time.

From Monday 20 January, landscape works will begin along Commodore Drive. Finishing and station works continue.

The Macintosh Island Park northbound bus stop on the Gold Coast Highway at Admiralty Drive is permanently closed. Passengers should make their way to the closest alternative stop located north on the Gold Coast Highway opposite Tedder Avenue.

Night works to finalise the installation of underground services will take place on Monday 20 January at the Ferny Avenue intersection. Lane closures will occur.

Surfers Paradise

Ferny Avenue to Staghorn Avenue

From Wednesday 22 January, overhead wires will be live and tram testing will occur at any time.

Surfers Paradise Boulevard is closed from Ferny Avenue to Main Beach Parade. Ocean Avenue remains one-way westbound from Surfers Paradise Boulevard to the Gold Coast Highway.

Works to install drainage along Ocean Avenue between Surfers Paradise Boulevard and the Gold Coast Highway continue. Lane closures will occur.

Finishing works, including asphaltting, kerbing, footpaths and landscaping continue. Night and weekend works will be required to maintain access to businesses and complete work as quickly as possible. Station works continue.

Staghorn Avenue to View Avenue

Finishing works, including asphaltting, kerbing, footpaths and landscaping continue. Temporary footpath closures will occur. Night and weekend works will be required to maintain access to businesses and complete work as quickly as possible. Station works continue.

On Monday 20 January, night works will occur at Pandanus Avenue and Cypress Avenue to complete minor investigative works.

Surfers Paradise Boulevard paving and night works

Footpath and landscape works have begun along Surfers Paradise Boulevard between View Avenue and Elkhorn Avenue. The work involves jack-hammering and removing the current pavement and driveways, replacing and levelling underground service pit lids and laying a concrete base.

Day, night and weekend works will be required to maintain access to businesses and complete work as quickly as possible. Night works will occur between 6:30pm and 6:30am.

Pedestrian detours will be in place. Please follow all directions and signage for safety.

Weekly Construction Update #92

Week commencing 20 January 2014

Elkhorn Avenue to Hamilton Avenue

Minor works to prepare for testing and commissioning will continue including overhead pole and line works, station and traffic signal works.

Clifford Street to Thornton Street

Finishing works for underground services, footpaths, landscaping and station works continue.

Works to cut-over telecommunications cables continues at Enderley Avenue and Thornton Street. Continuous works will take place, Monday to Sunday, for up to one week.

Broadbeach

Gold Coast Highway

Monaco Street to Queensland Avenue

Landscaping and station works within the centre median of the Gold Coast Highway continues. Lane closures will occur outside of peak times, Monday to Friday.

Australia Avenue to Victoria Avenue

From Tuesday 4 February, the southbound bus stop on the Gold Coast Highway at Australia Avenue will be permanently closed. Passengers should make their way to the closest alternative stop located south on the Gold Coast Highway at Main Place Shopping Centre.

Energex works along the Gold Coast Highway will continue. Works will be a combination of day and night and will involve the removal of power poles and cables. Lane closures will occur.

Track infill works continue. Lane closures will occur.

On Monday 20 and Tuesday 21 January, works will occur on the corners of Victoria Avenue at Victoria Park and Main Place. Southbound lane closures will occur.

Timing of works is subject to weather conditions and construction constraints.
