

Teslim Alabi

EXPERIENCE

Microsoft • Senior Product Design Lead - Spaces

Redmond, WA - July 2019 - Present

Co-founded and led design for a new product offering called Spaces

- Collaborated with Product, Engineering and Research leaders to drive toward a shared vision for Spaces
- Led cross-company, collaborative initiatives across 8 teams to clarify and solidify value across canvas-based experiences
- Grew Beta to 10,000 MAU, almost 100,000 spaces created, and almost 1 million assets added up to date with minimal external marketing

Microsoft • Product Design Lead - Outlook

Redmond, WA - August 2016 - July 2019

Design lead for several core Outlook time management features, shipping to 100+ million users, resulting in the highest first impressions rating from the O365 Compass program

- Redesigned Calendar form and 20+ nested components which led to a 30% decrease in time to create events
- Agenda's FRE redesign exceeded completion rate goal by 3X
- Mentored interns, early career designers and product managers

Drexel • UX Design Lead - Morton McMichael Project

Philadelphia, PA - November 2015 - August 2016

Led a small technical team responsible for developing a mobile application that digitizes the collection, storage, and retrieval of time-sensitive data to help field researchers

Hamster Lab • Visual Designer

Lagos, NG - February 2011 - November 2015

Designed websites, flyers, and presentation material for local and international clients in Tech and Entertainment

EDUCATION

Master of Science, Digital Media

Drexel University, Philadelphia, PA

Bachelor of Science, Computer Science

Covenant University, Ota, NG
