## **The General (Casual) Round**

### **How to post a non-competition round towards your WHS Handicap Index**

The new [World Handicap System](#) enables members to post casual round scores that count towards their handicap index. To maintain integrity, Crompton & Royton Handicap & Competitions Committee require members to adhere to the following procedure.

Scores need to be input using the PSI terminal in the Clubhouse or via the [HowDidIDo App](#)

1. A tee time must be booked on [BRS](#) with your designated marker, a CRGC member.
2. Using the PSI terminal or How Did I Do app, sign in to a 'casual round' via 'Today's Golf'. Ensure the correct course is selected (Yellow tees) and this is completed **before** teeing off at your booked time.

Once signed in, your intention to submit a score is confirmed and a completed scorecard needs to be returned. Please mark 'Casual Round' as the competition name on the card.

3. Collect a scorecard and play [within the rules of golf](#). Enjoy your round!
4. A minimum of 10 holes must be completed to count towards your Handicap Index when playing an 18-hole round. A valid reason<sup>1</sup> is required if a full round is not completed.
5. On completion of the round enter and submit your score via the How Did I Do App or PSI terminal in the clubhouse. Ensure your scorecard is fully completed and signed, then place it in the competition box. This must be done as soon as possible after completing the round and before leaving the club.
6. The submitted score will be processed and your Handicap Index updated overnight. A member of the Handicap & Competitions committee will reconcile and verify all details submitted. Scores that are incorrect, incomplete or where the procedure has not been followed could be removed retrospectively from players scoring records.
7. Members are reminded that once an intention to submit a score has been confirmed, they are expected to complete a full 18-hole round of golf.
