

Channel Highway Animal Hospital Puppy Classes

Thank you for your interest in joining puppy classes at the Channel Highway Animal Hospital.

The course runs once a week for 4 weeks at the price of \$100. The classes involve puppy socialisation, basic training, health and wellbeing information, and lots of fun!

Pre-payment and an enrolment form must be filled out prior to the class date at the Channel Highway or Hobart Animal Hospital reception desks. Proof that your puppy has been vaccinated and wormed will also be required if you are not clients with records at our clinics.

Your instructor is Dr Katrina Ward, a veterinarian and animal behaviourist.

Class date: _____

The class starts at 6pm and will finish at 7pm.

The first class will be **without** your puppy so you will know what to expect when you bring your pup for the following 3 weeks. It also provides an opportunity to learn more with fewer distractions!

I look forward to meeting you and your new family member, and starting on this exciting journey together.

Kind regards,

Katrina
