1. Agreement. Bayer CropScience LP and/or its affiliates and subsidiaries (collectively, “Bayer”, “we”, “our” or other first person pronouns) are pleased to provide to you, the user, (“you” or “your”) with this Bayer Commodity Classic portal (the “Platform”). These Conditions of Use (“Conditions”) contain the complete terms and conditions that govern your use of the Platform, except as noted below, and are a binding contract between you and Bayer.

By registering, accessing, visiting, browsing, using, or attempting to interact with, or use any part of, the Platform (including, but not limited to, submitting User Generated Content, as defined below), you agree that you have read, understand, and agree to be bound by the terms of these Conditions, and you represent and warrant that you are at least 18 years of age or the age of majority under the laws of where you reside.

We reserve the right to discontinue, or to make partial or complete modifications to, the Platform or these Conditions and/or to refuse or terminate your access to the Platform, at our sole discretion and without prior announcement. We must therefore ask you, next time you visit the Platform, to view these Conditions again and to note any changes or amendments that may have been made. Additional terms may apply to your access of the Platform as described below, which are hereby incorporated by reference (“Additional Terms”).

2. Registration and Access. To access this Platform, you may be asked to provide certain registration details or other information. It is a condition of your use of this Platform that all of the information you provide will be correct, current, and complete. You agree that you will not imitate any other person or assume a false identity. If we do not believe that you provided correct, current, or complete registration details or other information, we have the right to deny access to the Platform and to terminate or suspend your access at any time.

You may also be asked to create a username and a password. You agree that you will not share your account or account information with anyone else. Please note that you are obliged to protect your access rights from unauthorized third-party use and that you must ensure that they cannot be used by others without your authorization.

You must notify Bayer immediately if you learn that security has been violated in respect of any details available on the Platform or if unauthorized persons have obtained your access rights or if you have found indications that such access might become possible.

3. Ownership and Use. The Platform and all content used or displayed on the Platform (including the Trademarks, as defined below) are the sole property of, or are used under license by, Bayer and are protected by patent, copyright, trademark and other intellectual property laws. You understand that you have no right to use the Platform and/or content except as stated in these Conditions. Bayer grants you a non-exclusive, non-transferable, revocable, limited license to access the Platform for your personal, lawful, and non-commercial use, unless otherwise specified in writing, provided that you comply with these Conditions and that you do not remove or obscure any copyright notices or other notices displayed on the content. With respect to the Platform, you also will not:

- copy, change, reuse, reverse engineer, decode or create derivative works from, the Platform or any part of the Platform, including the software incorporated into the Platform;
- copy, reprint, modify, display, reproduce, perform, translate, download, distribute, adapt, create derivative works from, broadcast, communicate to the public by telecommunication, circulate, or sell the content retrieved from the Platform in any way, for any commercial use, or provide it to any commercial source, including other Platforms, without prior written permission from Bayer;
- use the Platform to violate any applicable law or intellectual property rights or for any obscene, discriminatory or immoral purpose; or
- interfere, or attempt to interfere, with the proper working of the Platform.

Bayer reserves all rights not expressly granted to you. If you fail to comply with these Conditions or if requested by Bayer, you agree to immediately destroy and stop all uses of any content, or any part of the content, retrieved from the Platform.

4. Trademarks. All trademarks, trade names, trade dress, service marks and logos (the “Trademarks”) on the Platform are the sole property of, or are used under license by, Bayer. You may not use or display any Trademarks without our prior written consent.

5. User Generated Content. On, or in connection with, the Platform, Bayer may ask for or allow you to communicate, submit, upload or otherwise make available text, video, chat, images, or other content (“User Generated Content”), which may be accessible and viewable by others on the Platform and by others in the public. You agree that you will not submit any User Generated Content that is defamatory, harassing, threatening, bigoted, hateful, violent, vulgar, obscene, pornographic, or otherwise offensive or that harms or can reasonably be expected to harm any person or entity, whether or not such material is protected by law.

With regards to any User Generated Content, you agree to grant Bayer a non-exclusive, sublicensable, irrevocable and royalty-free worldwide license under all copyrights, trademarks, patents, trade secrets, privacy and publicity rights and other intellectual property rights for the full duration of those rights to use, reproduce, transmit, print, publish, publicly display, exhibit, distribute, redistribute, copy, index, comment on, modify, transform, adapt, translate, create derivative works based upon, publicly perform, publicly communicate, make available, and otherwise exploit such User Generated Content, in whole or in part, in all media formats and channels now known or later developed, in any number of copies and without limit as to time, manner and frequency of use, without further notice to you, without attribution (to the extent this is not contrary to mandatory provisions of applicable law), and without the requirement of permission from or payment to you or any other person or entity. You agree that submission of User Generated Content does not establish any relationship of trust and confidence between you and Bayer, and that you have no expectation of compensation whatsoever (except as may be specifically stated in a separate agreement).

You represent and warrant that your User Generated Content conforms to these Conditions and that you own or have the necessary rights and permissions including, without limitation, all copyrights, music rights and likeness rights (with respect to any person) contained in the User Generated Content, without the need for payment to any other person or entity, to use and exploit, and to authorize Bayer to use and exploit, your User Generated Content in all manners contemplated by these Conditions; and you agree to indemnify and hold Bayer harmless from any claims or expenses (including attorneys' fees) by any third party arising out of or in connection with Bayer's use and exploitation of your User Generated Content resulting from your breach of these Conditions. You also agree to waive and not to enforce any moral rights, ancillary rights or similar rights in or to the User Generated Content against Bayer or Bayer's licensees, distributors, agents, representatives and other authorized users, and agree to procure the same agreement to waive and not to enforce from others who may possess such rights.

Bayer retains the right to monitor, screen, post, remove, modify, store and review User Generated Content or communications sent through the Platform, at any time and for any reason, including to ensure that the User Generated Content conforms to these Conditions, without prior notice to you. Bayer may terminate your account and access to the Platform if your User Generated Content violates these Conditions, including unlawful postings or content, without prior notice to you. Bayer is not responsible for, and does not endorse or guarantee, the opinions, views, advice or recommendations posted or sent by users.
