

CrowdPass secures pre-seed funding & joins Plug and Play's Family of Innovative Startups

CrowdPass is proud to announce its recent partnership with Plug and Play. Plug and Play is the leader in corporate innovation investment and has supported the expansion of over a thousand startups worldwide. Together the two companies hope to continue CrowdPass's growth and success, launching the platform to the forefront of the event management industry.

June 1, 2021 - In well under a year, CrowdPass has transformed the way we think about event management in the face of the COVID-19 pandemic. With safety and security at the forefront of our mission, CrowdPass presents an innovative health-clearance platform capable of meeting the urgent demands of the live event industry post-COVID. Today, we're excited to announce that CrowdPass is joining Plug and Play's expansive and diverse ecosystem of entrepreneurs, corporations, and investors to further this mission.

Founded in the heart of Silicon Valley, Plug and Play has over a decade of experience in investing and cultivating the world's best startups through their industry focused accelerator programs. With over 500 partners worldwide and over 30,000 startups in their network, Plug and Play is able to catalyze technological advancement through meaningful introductions between the newest and brightest minds in innovation and current corporate leaders.

We're profoundly grateful for all the partners and professionals who have believed in and supported our mission, and we are excited to continue our mission of event safety and security into this new chapter with Plug and Play. This strategic partnership marks only the beginning of CrowdPass's journey to transform the event management industry. COVID has only emphasized the need for change within the industry, and it is clear that efficiency, flexibility, and safety must be at its center. To these ends, we are delighted to receive this investment to continue innovating and improving our health-clearance platform.
