K&G Contractors (K&G) is one of the most valued construction firms in the Metropolitan Washington region. Since establishing in 2013, K&G has successfully managed a variety of projects for the private and government sector. Our success in the industry is based on our technical expertise, disciplined approach to mission critical projects, and our ability to complete projects on time and within budget. K&G has mastered the skill of coordinating subcontractors which allows our projects to run seamlessly.

### Organizational Structure

All K&G projects are managed with an emphasis on team work. We identify problems early and present options to assist the client with making a final decision. Our boutique size allows us to have all levels of staff involved in every phase of a project. Corporate Level: Principal—Overall Oversight, Contact Level: Project Executive—Project Supervision, Project Level: Project Manager—Construction Administration, Site Superintendent—Construction Operations

### Capabilities

K&G provides a range of services to our clients which consist of General Contracting and Electrical Services.

**General Contractor:** We offer our clients a variety of contracting options; lump sum, cost plus fee, or cost plus fee with a GMP. We also have a dedicated group of subcontractors who believe in our philosophy to strive for excellence every day.

**Electrical Services:** K&G employs skilled tradesmen who specialize in electrical work. This allows us to take a hands on approach to projects

### Past Performance:

- NCI 3A19—Tenant Fit-Out Renovation (\$358,662.00)
- NIH Building 41 Wayfinding—Electrical Services (\$244,853)
- FDA Command Center—New Construction Electrical (\$178,066.17)
- NIH Building 31 Wayfinding - Electrical Services (\$79,470.88)
- Clarkson Fisher Fed Courthouse - Electrical Services (138,496.33)
