Studio 4 - 330 m²

Studio 4 is bigger than you think, and often big enough.

Size:	22,30 m × 14,80 m
Height Ceiling:	5,40 m
Height Lightrig:	4,65 m
Gate Height:	3,95 m
Gate Width:	3,50 m

NEP Studios in Jenagade deliver a full facility house including reception, big guest area with monitors connected to control room, bar and toilets.

At the same location NEP has a fully equipped rental department, green room, production offices, dressing- and makeup rooms and all preferable manpower.

All our studios are sound proof, air conditioned and have walking bridge in the ceiling for light rig. We have movable public stands, light rigs. Studio has a wooden floor with an epoxy surface, which can be painted if needed.

NEP offices and Rental department are located right next to our studios. Which means, we are always close to every production - ready to help and assist.

Don't hesitate to [contact us](#) if you need a studio for your next event or production.
