INDIVIDUAL NEEDS

If you have any individual needs that may impact on your enrolment in this course, please contact us to discuss how Seaton Training can assist you. Verbal assessments can be conducted where a student has language, literacy and numeracy needs.

INFORMATION FOR EMPLOYERS

Most of our training courses can be successfully delivered in a Workplace, provided the employer is fully aware of their roles and responsibilities, and can provide suitable facilities and equipment. The employer must also facilitate the removal of the student from normal work duties for the training and assessment. To ensure that this is achieved, Seaton Training has developed a Training and Assessment Agreement that is completed with the employer prior to taking employer bookings and processing enrolments. This Training and Assessment Agreement will be given to employers making enquiries, and will state the resource requirements of the workplace, and all fees and charges.

LANGUAGE, LITERACY AND NUMERACY

The enrolment form that you complete prior to commencing training with Seaton Training includes a Language, Literacy and Numeracy (LLN) activity. This completed activity will be used by the trainer to ensure that students meet the required LLN level for that course. If there are concerns that may impact on your participation in the training, Seaton Training will make reasonable efforts to modify delivery and assessment processes to support your participation.

Where the level of LLN does not meet the minimum standard to enrol in the training, Seaton Training can assist students to find suitable LLN support services in their local area.

UNIQUE STUDENT IDENTIFIER (USI)

What is a USI?

A Unique Student Identifier (USI) is a reference number made up of numbers and letters that gives students access to their USI account. A USI will allow an individual's USI account to be linked to the National Vocational Education and Training (VET) Data Collection allowing an individual to see all of their training results from all providers including all completed training units and qualifications. The USI will make it easier for students to find and collate their VET achievements into a single authenticated transcript. It will also ensure that students' VET records are not lost.

What do I need to do?

Students enrolling in Nationally Recognised Training will need to provide Seaton Training with their Unique Student Identifier on enrolment. The USI is available online and at no cost to the student. This USI will stay with the student for life and be recorded with any nationally recognised VET course that is completed.

To create or log into your USI account go to www.usi.gov.au

USI Exemptions

If you are granted an exemption from obtaining a USI you will need to provide evidence of the exemption. If an exemption is granted the result of your training will not be accessible through the Commonwealth and will not appear on any authenticated VET transcript prepared by the Registrar.

WHAT HAPPENS IF THE RTO CEASES OPERATIONS?

In the event that Seaton Training or one of our partnership organisations ceases to operate, Seaton Training will follow the ASQA Guidelines for ceasing operation. This will include Seaton Training providing ASQA with an electronic copy of the records for each student who was enrolled in a course during the period of RTO Registration.
