Join us as we **Advance Ideas into Action** and make an impact through our industry and our communities. Gain insights and plans for acting on DEI initiatives and the future of inclusive work from respected leaders representing the industry, academia and other areas of business.

IICF’s Inclusion in Insurance leadership events, established in 2013 as the Women in Insurance Conference Series, are the first to offer these creative platforms for exploring important opportunities and challenges in the industry – and **the only events of their kind to benefit charitable causes.**

***Make an impact through our industry and in our communities!***
