Katz Teller represents a wide variety of clients, from private businesses with deep Cincinnati roots to Fortune 100 companies.

We talk to our clients often, and we love when they talk to us (and even when they talk back to us). We make it a regular practice to conduct client reviews to take the temperature of our client relationships and make sure our responsiveness and results are meeting their needs.

Current clients have shared their perspectives on how it feels to be a Katz Teller client...

"I can't imagine how things might have turned out without Katz Teller. They've been with us through it all.....the deal making, negotiations, and documentation of all 14 of our M&A transactions. Having the Katz Teller team working shoulder to shoulder with us gave us great confidence and peace of mind that we were bringing our best and that the important steps would all be covered competently and creatively. They are simply 'the best!'"

- John Baumann, CEO of Ampac Packaging, LLC

"Our family has been a client of Katz Teller since 1990 and they have assisted us as we have quadrupled the size of our business. We have worked with multiple attorneys on real estate, business acquisition, tax issues and Estate Planning. All have served us with integrity and we couldn't be more pleased."

- Jeffrey L. Wyler, Chairman and CEO Jeff Wyler Automotive Family, Inc.

"We have worked with Katz Teller for more than a decade, and during this time have come to rely heavily on their expertise in Corporate M&A, Litigation, Employee Relations, Family Business, and Tax/Estate Planning. We have come to know the firm as experienced, entrepreneurial, insightful, responsive, and respectful. They handle unique situations especially well. Our work has never been passed off to "junior associates"; we get their "best and brightest" on every assignment. They make us feel that we are important to them, and as a consequence they have become a valued member of our team."

- John Hayden
