Mr. James Currie, Executive Chairman of Northstar, stated, “On behalf of the Board of Directors, I would like to welcome Aidan to the Board. Aidan has shown tremendous leadership as CEO of Northstar and his breadth of knowledge, industry expertise and strong passion for the business will be a significant addition to the Board as Northstar continues to grow and expand its asphalt shingle processing facilities across Canada.”

About Northstar

Northstar Clean Technologies Inc. is a Vancouver-based clean technology company focused on the recovery and repurposing of single-use asphalt shingles. Northstar has developed a proprietary design process for taking discarded asphalt shingles, otherwise destined for already over-crowded landfills, and extracting the liquid asphalt, aggregate sands and fiber for usage in new hot mix asphalt, construction products and other industrial applications. Northstar plans to process used or defective asphalt shingle waste back into its three primary components for reuse/resale at its
Empower Facility in Delta, British Columbia. Northstar’s mission is to be one of the leading shingle material recovery providers in North America, extracting 99% of the recovered components from asphalt shingles that would otherwise be sent to a landfill.
