### **NOTICE CONCERNING TRANSFERABILITY OF CREDITS EARNED AT ESALEN INSTITUTE**

The transferability of credits you earn at Esalen Institute is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the certificate you earn in the Esalen Massage Practitioner Training educational program is also at the complete discretion of the institution to which you may seek to transfer. If the certificates that you earn at Esalen Institute are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. ### **Student Cancellation and Refund Policy for Fees**

An enrollee has the right to cancel the agreement for a program of instruction, without any penalty or obligations, through attendance at the first class session or the seventh calendar day after enrollment, whichever is later. After the end of the cancellation period, you also have the right to stop school at any time; and you have the right to receive a pro rata refund if you have completed 60 percent or less of the scheduled days in the current payment period in your program through the last day of attendance minus the non-refundable \$250 registration fee and your room and board charges. Cancellation notices must be in writing. A withdrawal may be effectuated by the student's written notice or by the student's conduct, including, but not limited to, a student's lack of attendance

Refunds after classes begin: Written cancellation of enrollment after classes have begun, whether or not the enrollee was in attendance, allows the student a pro rata refund of tuition fees. The refund shall be the amount the student has paid for tuition multiplied by a fraction, the numerator of which is the number of hours of instruction which the student has paid for but not received, and the denominator of which is the total number of hours for which the student has paid. For example, a student who dropped out of the 175 hour month-long training after only ten hours of class would receive 165/175 of his tuition monies (minus \$250 registration fee).

There are no refunds after 60 percent of the course is completed.

remaining after the tuition refund deposited in the credit account for use at the Institute within one year.

Student applying for Esalen scholarship money will recover their full deposit if no scholarships are available, as long as cancellation is received at least ten full days ahead. If a scholarship is available and the student cancels more than ten full days ahead of the program, the deposit will be returned, less a \$75 processing fee. . All other tuition, room and board money will be refunded in accordance with the stated cancellation policy based on pro-rated attendance.

Students canceling their enrollment less than a week before the program begins forfeit their deposit. All refunds are paid within ten business days.

### **Complaints**

All complaints are taken seriously. A complaint link to the California BPPE is presented to students at the first class <http://www.bppe.ca.gov/enforcement/complaint.shtm>; the student may lodge a complaint directly at any time. The complaint procedure is clearly spelled out in the enrollment agreement, as follows: The complaint is first heard by the course instructor, who attempts to resolve it. If that is unsatisfactory, the student can contact the school Director, Brita Ostrom, at Esalen, in writing or at [massage.school@esalen.org](mailto:massage.school@esalen.org). If she cannot help, the student directs the issue of concern to the front office, open 9-4 daily, or [info@esalen.org](mailto:info@esalen.org). ### **Student Tuition Recovery Fund**

The Student Tuition Recovery Fund (STRF) was established by the Legislature to protect any California resident who attends a private postsecondary institution from losing money if he/she prepaid tuition and suffered a financial loss as a result of the school: closing; failing to live up to its enrollment agreement; or refusing to pay a court judgment.

You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

1. You are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition either by cash, guaranteed student loans, or personal loans, and
2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

76215. Student Tuition Recovery Fund Disclosures

"The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program."

"It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education 1747 North Market Street, Suite 225 Sacramento, CA 95834, (916) 574-8900 or (888) 370-7589.

2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number."

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if either of the following applies: 1. You are not a California resident, or are not enrolled in a residency program, or 2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party."
