Qualifying for Research & Development

Delivering services that matter to you – HMRC R&D

## HMRC R&D TAX CREDITS

You could get relief of **up to 230%** on our products and services. As an example, a £10,000 cost – to include the cost of our software, training and implementation, and a proportion of the business utilities – could therefore give rise to an additional tax reduction of £2,600.

To find out more about how our services could help you qualify for HMRC R&D Tax Credits please contact us today on **01299 382308**.

## RESEARCH & DEVELOPMENT

In any business by appreciably improving your:

- products;
- services;
- and/or processes;

can make you eligible for lucrative HMRC tax reliefs. A common misconception exists that the term R&D means advancing scientific or technological activity only and therefore many business owners overlook the potential for a claim.

Here are just some of the most common business activities which generate qualifying expenditure for R&D tax credits which RotaHub can help you with:

- Efficiency, automation & cost reduction processes;
- Improving data collection via IT & Software systems;
- Adaptation & Software development;
- Quality Management & Compliance;
- Continuous Analysis;
- Personnel: training and compliancy through to Bacs.
