Rotary Club Scholarship

The Rotary Club of Chattanooga was established in 1914 and was the 103rd Rotary club in the US and in the world. Chattanooga was the 91st American city to welcome Rotary, the 8th in the Southeast, and the 3rd in Tennessee. The original number of members was 24. 86 members enrolled during the Club's first eighteen months. In June 30, 1915, the initial 86 members were designated as charter members. The original meetings were held at the Hotel Patten and between June 24, 1971 and July 1, 1971, Rotary moved to the Read House. As the club grew, space was limited. In 2003, the Club meetings were moved to the Chattanooga Convention Center which is where meetings are still presently held. Currently, there are over 340 active members in the Rotary Club of Chattanooga Membership.

The original reason for founding the club: To help the up-building of Chattanooga and the surrounding vicinity, to encourage the exchange of business ideas and methods, to promote good fellowship among its members, to teach that happiness is obtained through service to others and to make better citizens and happier individuals.

Rotarians across the nation and around the globe aspire to make decisions about their words, deeds and actions in accordance with the Four Way Test, which asks: Is it the TRUTH? Is it FAIR to all concerned? Will it build GOODWILL & BETTER RELATIONSHIPS? Will it be BENEFICIAL to all concerned?
