THE GREAT SHAKEOUT OF 2022

OBJECTIVE To help everyone, everywhere learn how to protect themselves should an earthquake occur.

The International ShakeOut Day (every third Thursday of October) is a day of individual and community events featuring the largest earthquake drill ever, organized to inspire others to get ready for big earthquakes, and to prevent disasters from becoming catastrophes. What we do to prepare now, before the next big earthquake, will determine how well we can survive and recover. Students, teachers, and staff are encouraged to participate in the Great ShakeOut drill whether you are on campus, at work, home, or in a public space.

On October 20, 2022, millions of people will participate in the largest earthquake drill ever: ShakeOut! Why? Earthquakes can happen anywhere you work, live, or travel, which is why everyone, everywhere should know how to protect themselves should an earthquake occur.

ARE YOU READY TO SHAKEOUT?

With 330 million people living and working in the United States, a major earthquake could cause unprecedented devastation. What we do now, before a big earthquake, will determine how well we survive and recover.

Great ShakeOut Earthquake Drills in October 2019 involved more than 66 million participants through broad-based outreach programs, media partnerships, and public advocacy by hundreds of partners.

A key aspect of the ShakeOut is the integration of comprehensive science-based earthquake research and the lessons learned from decades of social science research about why people get prepared. The result is a “teachable moment” on par with having an actual earthquake (often followed by increased interest in getting ready for earthquakes). ShakeOut creates the sense of urgency that is needed for people, schools, and communities to get prepared, to practice safe emergency procedures, and to learn what plans need to be improved.

Not just any drill will accomplish this; it needs to be big. It must inspire communities to come together. It must involve children, teachers and administrators at school, prompting conversations at home. It must allow every organization, school, city, etc., to make it their own event. We are all in this together.

For school drill models and templates please visit the following site: shakeout.org/schools. Take three easy steps: “Drop, Cover, and Hold On” on October 20. It is only a one-minute commitment for something that can save your life.
