Neighborhood Planning Unit FAQ

Q: What is a Neighborhood Planning Unit? What is the NPU System?

A: The City of Atlanta is divided into twenty-five Neighborhood Planning Units (NPUs), which are citizen advisory councils that make recommendations to the Mayor and City Council on zoning, land use, and other planning-related matters. [The NPU system was established in 1974](#) by the late Mayor Maynard Jackson to provide an opportunity for all residents to actively participate in the [Comprehensive Development Plan](#), which is the official citywide vision for growth over the next five, ten, and fifteen years. Since then, the NPU system has evolved into what it is today: the official avenue for residents to express concerns and provide input in developing plans to address the needs of each neighborhood, as well as to receive updates from City government

Q: Which NPU do I live in?

A: *If you know your address:* Input your address and press enter on our interactive Property Info map (which contains a property's neighborhood, NPU, zoning classification, land use code, and more), linked here: gis.atlantaga.gov/propinfo

If you know your neighborhood: Browse our alphabetical list of neighborhoods with their corresponding NPU listed alongside, linked here: [NPU by Neighborhood page](#)

If you know your NPU: Browse our Neighborhood Directory, organized by NPU, to view all the contacts for your NPU and its associated neighborhood organizations, linked here: [Neighborhood & NPU Contacts page](#)

A brief note: per Legislation 17-O-1423 (signed by the Mayor on 12/13/17), the boundaries of NPU-F have expanded due to annexation. Please see the most recent NPU-F map [here](#)
