

We are now accepting applicants to join the new EquiBoss Performance Endorsement Team for 2022. We want reputable people and programs to represent our line-up of equine products. We want to give back to the community and our clientele by helping the rodeo athletes and the animals they ride “perform from within”!

Our NeutraBac pH product is growing and becoming tried and trusted as “The leader in equine gut balance.” It helps with ulcers, colic, hydration, weight balance, digestion, respiratory, wounds, and much more. We also offer top quality Chelator Minerals in paste form or block form as well. We believe that proper mineral absorption is “The key to inner health & wellness.” Proper mineral absorption inside our equine athletes aids in overall body development, the immune system, bones, tissues, muscles, liver, kidneys, and much more.

Our sponsorship will be a way to spread awareness of the importance of gut health and proper mineral absorption inside our equine athletes. It will also allow you the contestants to receive discounts on the products you’ve come to know and trust. We will be considering applications from all ages of competitors for a chance to be part of our team. From the junior rodeo ranks all the way up to a professional level and anywhere in between so we’d love to see you apply.

EquiBoss Performance is passionate about the Equine industry. We believe that “Performance starts from within” and truly believe that we have the products that will help your equine athlete thrive at their top potential. If you feel that you qualify to represent our company and product line, please fill out the following application. Please also understand that while we’d like to accept all applicants, this is not possible so a selection process will have to be used based on the applications received.

All information provided on your application will be kept confidential. After submitting your application, you will receive a response from EquiBoss Performance by the beginning of next month. If you are chosen you will remain part of our team for one full year and then our program will start over. It’s also important for you to understand that this program is not a free ride. You will need to educate yourself on the products we offer and be able to explain them to others in the industry. We want folks representing us that help us build our brand and company. We want people who tell their friends and neighbors about the difference these products have made in the performance of their animals.

THE DETAILS

The EquiBoss Performance Endorsement Team program gives you a credit of 25% off retail pricing to use on any EquiBoss Performance products you'd like each and every time you order. If you are currently buying from one of our sales reps you need to send your referrals (new people wanting to order) to the sales rep that you are currently receiving product from.

Sponsorship recipients are required to wear our approved product patches at all rodeo and jackpot events and recipients will be required to tag our pages on social media as well as post your success stories using #NeutraBacPH, #ChelatorMinerals, and #EquiBossPerformance hashtags. We want to hear how EquiBoss Performance supplements are helping you and your equine partner better succeed.

We also expect our "Endorsement Team" to be knowledgeable about EquiBoss Performance and the products we offer. This doesn't mean you have to be an expert or a salesperson, but we do want you to have the knowledge necessary to answer questions about EquiBoss Performance and our products should you be approached for information. Most of the product education you will receive you will get from the social media posts we create on a regular basis so please watch for those and take time to read them. If you the younger generation are not on social media that's ok. Most likely your parents are so please have them read and share our posts with you.

And last but not least, for you young competitors under the age of 21, it will be vital that you keep yourself clean from alcohol, tobacco and drug use. If we find out that you have partaken of any of these products your sponsorship will be immediately revoked. We want you to be the best athletes you can possibly be so avoiding these products will become a must in your life. The same rule also applies to unsportsmanlike conduct of any kind. We don't want to see unsportsmanlike conduct from you or excessive abuse to your animals either. We expect our team to set the best example possible inside and outside the arena. We at EquiBoss Performance believe that helping raise good responsible well mannered hard working youth should be a number one top priority and we vow to aid in this process as a company.

You will find the enclosed application form on the next 3 pages. Please fill them out and return them to us at our email -> EquiBossPerformance@gmail.com
