Governance

Our Town is governed by the three-person Board of Selectmen who are the executive authority of the Town and are elected to a two-year term in municipal elections. Town Meetings constitute the legislative body of the Town of Canaan.
The Town has elected and appointed **Boards and Commissions** who set policy, approve budgets for Town services and schools, regulate areas such as zoning and wetlands, and provide guidance to the Selectmen and the Town. For a complete list of Town boards, commissions, and committees and their meeting schedules, please visit the Town website. Connecticut has an open meetings law and therefore all government meetings are open to the public. “Open” means that citizens can attend and observe; all government meetings are not necessarily open for public comments or participation.

All voting-age property owners who own a minimum of $1,000 worth of property taxed by Falls Village may vote in Town Meetings to approve the Town budget and Town expenditures, regardless of whether or not they are registered to vote in Falls Village. This means that if you are a part-time or seasonal homeowner with a primary residence elsewhere, you may still participate and vote at Town Meetings on Town financial matters if you own—in your name—a home, land, or personal property taxed by the Town of Canaan/Falls Village. “In your name” means that your name appears on the Grand List of property taxed by the Town.

Disclaimer

We are pleased to provide new and current residents with this Handbook listing some of the business establishments and cultural and recreational opportunities in this area. The Handbook’s listing of these establishments and opportunities is not meant as a recommendation of the services provided nor is the omission of any particular business meant to portray the business in a negative light. We make no representations about the safety or characteristics of any resource listed. While all attempts were made to be accurate on the date the information was gathered, before using any resource included in this booklet, residents should check out the current information – including any restrictions on usage – of the business, cultural institution, or recreational opportunity. This booklet was prepared by volunteer residents of Falls Village, who will endeavor to keep the Handbook as updated as possible on a quarterly basis, with no guarantees – ever – of complete accuracy.
