

# CR12 MAWS (Modular Advanced Weapon System)

**Veteran Made in Laramie, Wyoming U.S.A. – We Defend America!**

The **Wilkinson Tactical CR-12** is a “first in class” magazine fed tactical 12-gauge shotgun. At first glance, this is a modular advanced weapons system utilizing the standard AR style platform.

Our design provides maximum flexibility and functionality to meet the changing battlefield and tactical conditions. These features include:
