

April 30, 2018

Hello Mindy,

Thank you for choosing Anica as your health insurance provider. We are committed to providing our members with the highest level of service and the most innovative healthcare solutions possible.

To begin your journey with Anica, there are two quick steps we recommend you take:

- **Create an Anica Patient Portal account.** With your Patient Portal account at www.anicahealthcare.com, you can view your claims, benefits, deductible balance and more.
- **Complete your online health profile.** This brief survey of your diet, exercise and lifestyle choices, although not required, may entitle you to discounted premiums on your insurance.

Anica Healthcare is a full service health insurance provider. We hope you will take advantage of our service offerings, all designed with your optimal health in mind.

We are available to connect with you anytime on the Patient Portal, at 888-555-5555 or via support@anicahealthcare.com.

Sincerely,

The Anica Healthcare Member Relations Team
