TOM, MARLENE & ROSENDO

Since our retirement, Marlene and I have stayed active as volunteers in our community and we were matched with our Little Brother Rosendo last summer. Rosendo's parents are from Guatemala and speak no English — this is where Marlene's Spanish comes in handy. Rosendo was born in Chattanooga along with his three siblings, and he is a hard-working student who aspires to be a Judge one day. Marlene and I have raised four children, and we chose to become mentors because we want to make a difference in another child's life. We've learned a few "do's and don'ts" from our experience as parents, and we're thankful for the opportunity to be a positive influence for Rosendo.
