About turnerboone

As a Best-in-Class Haworth Preferred dealer, turnerboone specializes in conceptualizing, procuring, installing and maintaining furniture and modular building product for commercial interiors and educational spaces at the highest standard of service seen in the industry. Since 2004, we have been on a focused journey as a company, transforming the way we do business so we can deliver beautiful furniture solutions with integrity, ethics, and accountability.

Unmatched service

Our boutique approach allows us to listen and truly collaborate with you and your design team to apply and execute your project's vision. Our thoughtful solutions and emphasis on operational excellence reflect that understanding and appreciation for our client's growth strategy, company mission, and requirements for attentive day-to-day service support.

Design understanding

Enhancing your workspace takes an artistic perspective, as well as practical know-how. By leveraging our strong relationships within the design community and our own design sensibilities, we seamlessly work with our clients and their designers to find the right furniture application that complements and enhances their cultural and business objectives for the workplace.

Industry expertise

It's your space, your culture, and your brand. You supply the vision. We add the expertise. Our extensive client list includes the below leading enterprises.

- Norfolk Southern HQ
- Coca-Cola
- UPS
- NCR HQ
- Georgia Pacific HQ
- Inspire Brands HQ
- Atlanta Hawks
- State Farm Arena
- King & Spalding
- Anthem HQ
- Delta Community Credit Union

Through our 17 years of exponential growth, we have fine-tuned our signature service and developed a team of client-centric specialists that create world-class furniture solutions while guiding our clients every step of the way.

WOMEN OWNED

turnerboone is proud to be certified as a women's business enterprise by the Women's Business National Council (WBENC).

Diversity

We believe that diversity promotes innovation, creates opportunity, and facilitates partnerships that fuel the economy.

Diversity is core to our company's values and how we operate as a leader in our community. We believe in building a workforce that embraces all races, genders, religions, and orientations. These different perspectives, experiences, and backgrounds create a sustainable advantage for us as a company, and for the clients we serve.

The Women's Business Enterprise National Council (WBENC) is the largest certifier of women-owned businesses in the U.S. and a leading advocate for women business owners and entrepreneurs. turnerboone is WBENC certified and both turnerboone and tbi services are 100% women-owned and operated businesses.

Process

01 Conceptualizing

At turnerboone, we work with our clients and their designers to conceptualize beautiful and productive workspaces. We offer consulting services on product selection to fit any budget. From guided showroom tours that help envision your dream end-result to negotiating prices from the 200+ manufacturers we work with, we help our clients create workspace solutions that foster connectivity, collaboration, and community. We understand the importance of sustainable practices and we are committed to helping our clients achieve LEED certification by providing products that support safe and healthy environments.

02 Procurement

When working with our clients and their designers, we take care of everything including all order management and all direct coordination with manufacturers. We are meticulously organized, tracking every part of an order, including ship dates, on-site dates, back-order notifications, logistics tracking and more. All of our client products are shipped directly to our warehouses and are immediately inspected for damages by our expert team.

03 Installation

When it comes time to install your furniture, our team leads the process every step of the way. Our project managers attend construction meetings and smoothly coordinate with the general contractor and any subcontractors. We ensure all logistical planning and installation scheduling is on target for the install crew. turnerboone oversees all crews on-site, and provides a detailed install plan with input from the client team, including a phase, schedule, on-site room drawings, plan ID tags and more – all while ensuring building and floor protection. Our team will coordinate any removal of furniture packing material or debris. When it's time for the initial reveal, our clients see a pristine, clean interior ready to be used.

04 Day 2 & Beyond

Our service to our clients doesn't end after installation. We remain partners for the life of our materials and are your go-to party should any need arise. Our team includes field technicians who provide orientation training and demonstrations on all product features and functions. Our on-call Field Service Manager is available to address small or urgent needs, such as lock cores, warranty issues, quick repair needs and same day delivery. This service ensures all issues or problems with your products are immediately and completely resolved and your expectations are met or exceeded. Our team continually strives to be flexible, innovative, and intuitive problem-solvers and corrective action champions.

Delivery & Installation

tbi services

a turnerboone company

tbi services is a separate, bonded, and insured full-service installation and delivery company wholly-owned by turnerboone specializing in the professional installation and relocation of commercial office furniture.

tbi services can ensure your project is done efficiently, correctly, and safely by their experienced team of installers, installation support, and movers who are trained and certified to receive, deliver, install, and service all brands of office furniture, systems furniture, architectural wall systems, and more.

As a sister company to turnerboone, tbi services executes seamless communication and coordination between your installation team and project manager, reducing response time and providing the flexibility to adapt to changing client needs and priorities.

Each installation team is led by meticulously-organized, manufacturer-certified technicians trained in effective customer service. These installation leads supervise their crews for maximum efficiency and attention to detail in every aspect of the installation process, from set-up to clean-up. They maintain a focus on efficiency and craftsmanship and ensure site decorum is maintained. They will work diligently to prepare and protect architectural elements, clean and recycle materials at the end of each day, and keep safety a top priority.
