Language Modeling

OSCEOLA READS

How to improve communication with your developing students

1 Frequent Conversation

Back and forth exchanges that include more than just question and answer responses
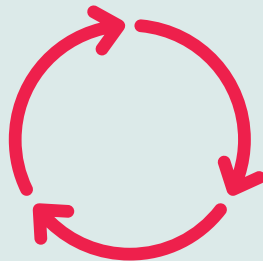

Open-Ended Questions 2

Who?
What?
Where?
When?
Why?
How?

3 Repetition & Extension

Restate what was spoken and elaborate on the response

Self & Parallel Talk 4

Map out your own actions as well as student actions with language

5 Advanced Language

Use elevated vocabulary and make connections to common words
