

## I really like science.

I mix up lots of formulas (With my mother's guidance.)

My mom's a grown-up scientist Who works inside a lab. We experiment at home, too And I think she's pretty fab.

Once I flew on a unicorn All around the stars And once I was a driver In a race of fast, fast cars

Today I plan to go on a Very special trip Do you know where I'm heading?

I won't let the secret slip!
