

## Safety Data Sheet

### K-Plex Organic 0-0-8

---

## 1. Product Identification

**Product Identifier:** K-Plex Organic 0-0-8

**Trade Name:** K-Plex Organic 0-0-8

**Synonyms:** N/A

**Manufacturer Information:** California Safe Soil, LLC  
4700 Lang Ave, Bay C  
McClellan, CA 95652

**CAS No.:** Mixture

**Chemical Family:** Mixed Potassium Solution

**Intended Use:** This product's intended use is as an agricultural input into crop production systems as a fertilizer. It is intended to be soil applied through conventional injection and irrigation systems or foliar applied (once diluted) directly to leaf surfaces.

**Restrictions of use:** Do not store diluted or mixed with acidic substances as the product will become unstable and crystals will form. Jar test any intended stock solutions for compatibility before mixing and applying.

---

## 2. Hazards Identification

NFPA

**GHS Hazard Classification:**

**Skin Irritant:** Category 2 – Causes skin irritation

**Eye Irritant:** Category 2A – Causes serious eye irritation

**Danger!**  
Causes Serious Eye Irritation

**Warning!**  
Causes Skin Irritation

### Potential Health Effects

-----

**Inhalation:**

None Known

**Ingestion:**

Harmful if swallowed in its concentrated form. Ingestion may cause gastrointestinal irritation, nausea, vomiting, and diarrhea.

**Skin Contact:**

Contact with concentrated solution may cause slight irritation.

**Eye Contact:**

Eye contact with concentrated solution will cause eye irritation, and if left untreated can cause severe irritation and blurred vision.

**Chronic Exposure:**

None known.

**Aggravation of Pre-existing Conditions:**

Persons with pre-existing skin disorders or eye problems, should avoid contact with the concentrated solution, or take proper precautions.

---

## 3. Composition/Information on Ingredients

Ingredient	CAS No	Percent	Hazardous
Sunflower Hull Ash	N/A	25%	No
30% Acetic Acid	64-19-7	35 - 38%	Yes
Water	7732-18-5	35 - 38%	No

---

## 4. First Aid Measures

**Inhalation:**

Remove to fresh air.

**Ingestion:**

Rinse mouth with water and drink plenty of water. Do not induce vomiting. If symptoms persist, call and consult a physician.

**Skin Contact:**

In case of skin irritation, wash off with plenty of water for at least 5 minutes and remove contaminated clothing and shoes as a precaution. Wash clothing before reuse. Consult a physician if symptoms persist.

**Eye Contact:**

Immediately flush eyes with plenty of water for at least 15 minutes, lifting lower and upper eyelids occasionally. If symptoms persist, consult a physician.

---

## 5. Fire Fighting Measures

**Flammable Properties:**

Slightly Flammable according to HMIS criteria

**Fire Extinguishing Media:**

Water, dry chemical, foam or carbon dioxide. Water spray may be used to keep fire exposed containers cool.

**Hazardous Combustion Products:**

None

**Special Information:**

In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full facepiece operated in the pressure demand or other positive pressure mode. Water may be used to flush spills away from exposures and to dilute spills to non-flammable mixtures.

---

## 6. Accidental Release Measures

**Personal Precautions:**

See Section 8

**Environmental Precautions:**

No special environmental precautions required

**Methods for clean up:**

Contain spill. Absorb liquids by covering with clay or other absorbent material and dispose of properly. Alternatively; the product can be vacuumed into a container and disposed of in accordance with state/federal regulations for the proper disposal of fertilizing materials.

---

## 7. Handling and Storage

Protect against physical damage. Store in a cool, dry well-ventilated location, away from any area where the fire hazard may be acute. Do not allow the material to freeze as it will affect the performance of the product.

---

## 8. Exposure Controls/Personal Protection

**Engineering Controls:**

Ensure adequate ventilation in confined areas. Maintain good conditions of industrial hygiene (store in clean, well maintained areas).

**Respiratory Protection:**

None required

**Hand Protection:**

Protective gloves are recommended

**Skin Protection:**

Wear clothing consistent with good practices for handling non-hazardous chemicals to avoid skin contact.

**Eye Protection:**

Safety Glasses or Goggles

---

## 9. Physical and Chemical Properties

**Appearance:**

Clear, viscous liquid.

**Odor:**

Strong vinegar odor.

**Solubility:**

Completely soluble in water.

**Density:**

1.15 – 1.16

**pH:**

6 – 7.5

**Boiling Point:**

100C (212F)

**Vapor Density (Air=1):**

N/A

---

## 10. Stability and Reactivity

**Stability:**

Stable under ordinary conditions of use and storage.

**Hazardous Decomposition Products:**

Potassium Acetate

**Hazardous Polymerization:**

Will not occur.

**Incompatible Materials:**

None Known

**Conditions to Avoid:**

Storage conditions above 110F, freezing, and ignition sources.

---

## 11. Toxicological Information

N/A

---

## 12. Ecological Information

N/A

---

## 13. Disposal Considerations

Dispose of in accordance with state/federal regulations for the proper disposal of fertilizing materials. State and local disposal regulations may differ from federal disposal regulations.

---

## 14. Transport Information

**Domestic (Land, D.O.T.)**

-----

Not Regulated

**International (Water, I.M.O.)**

-----

None Known

---

## 15. Other Information

**Revision Information:**

Date of issue: October 3<sup>rd</sup>, 2019
