**FAIR PRICES**

**True Risk Assessment  
Retained Profit**

**BROAD PROTECTION**

**Fewer Exclusions  
No Excess**

**RAPID CLAIMS**

**Rapid Response  
Easy Process**

## What some of our Members are saying

"We've had very few claims over the past 10 years & we were still presented with a premium increase of more than 500%.

Picnic came along at just the right time to design, launch, and run Our Ark Mutual & they haven't put a foot wrong!"

- The Venerable Christopher Wright OAM  
Archdeacon of The Anglican Diocese of North Queensland

"A few years ago, the local river flooded our Community Hall. We have done a lot of work to decrease the chance of this happening again. Yet last renewal, no insurer would provide a quote.

Our Ark provided a fair price, and they respected the work we'd done to mitigate the risk. They factored in our hard work to protect our hall."

- Barry Kennett, President  
Black River Beach Residents Association

"Normally we accept annual price increases for insurance.

Yet, we have saved more than 20% compared to 2020.

Plus, we have broader protection, which gives us peace of mind."

- Dave Kernick, CEO  
Karuah Local Aboriginal Land Council

### BETTER TOGETHER.
