Bewsys Limited Quality Policy

Bewsys Limited is an Information Technology firm that truly understands sustainable development. We are engaged in the business of creating impactful software solutions that help achieve the Sustainable Development Goals (SDGs). We are committed to continually provide professional technological services that meet or exceed our customers' expectations and in line with the requirements of ISO 9001:2015 International Standards.

Our strategy is to promote the goal of sustainability in everything we do. We strive to satisfy our customers and meet all applicable legal, statutory and regulatory requirements by offering innovative, quality, timely and efficient services.

Our policy commitments are to:

- Provide the framework for setting and reviewing quality objectives and targets to improve performance of the Quality Management system;
- Ensure our staff are adequately trained and qualified to perform their roles to the best of their abilities;
- Provide an environment that promotes innovation and integrity;
- Ensure proactive identification of risks and taking the necessary steps to mitigate or reduce their impact;
- Continually monitor and assess the provision of services to our customers;
- Ensure company policies and procedures are communicated and understood by all staff and interested parties engaged in tasks that can influence quality matters.
- Provide and maintain resources necessary to implement our processes to drive continual improvement.

This Policy shall be updated when the need arises to incorporate new quality requirements and corrective actions to ensure effectiveness.

Robert Okine
Chief Executive Officer, Bewsys Limited
