Community Assessments 2014 - 2016

CHA & CHNA Abstraction	North Valley Hospital	Family Health Centers	Chelan Douglas Community Action Council	City of Wenatchee Homeless Plan
Document Type	CHNA	Community Health Survey	Community Needs Assessment	10 year plan
Lead Organization	North Valley Hospital	FHC	Chelan Douglas Community Action Council	City of Wenatchee
Date Released	11/4/2015	7/6/2015	4/1/2016	9/1/2015
Region Covered	Okanogan County Public Hospital District #4	Okanogan County	Chelan and Douglas Counties	Chelan and Douglas Counties
Priorities				
Themes of Needs	• Primary care access (insufficient providers) • Specialty care (lack of providers/long wait for appt., too far/too expensive to travel to Wenatchee) • Mental health access (biggest gap in care) • Greater Care Coordinator • Dental Care	• Access to clinics (transportation, clinic locations, and hours) • Specialty care (lack of providers, long waits for appt., too far to travel) • Dental Care Providers who accept medicare/medicaid • Affordable Optemetry and eye glasses • Services limited for poor (from insurance to care)	• Substantial disparity between hispanics and non-hispanics • While health insurance rates have improved, they remain much higher than state/national averages. • Poverty and unemployment rates are higher than the state and national average and household income rates are lower than state and national averages	• Coordination of efforst with regard to addressing homelessness • Increased access to mental health services, behavioral health services, and chemical dependency providers
Clearly identified priorities (Y/N)	No	No	No	Yes
List of Health Priorities		N/A	N/A	1. Expanding services for the chronically homeless 2. Improving responsiveness of all components of our homeless response system 3. Increasing the development of and access to affordable rental housing 4. Addressing homelessness and the risk of homelessness for children and youth 5. Improving conditions of services through coordinated entry 6. Strengthening our data collection and analysis systems
Was primary data collection used?	Yes	Yes	Yes	Yes
Primary data collection method	Focus groups and community forums	Survey developed by FHC and Community Link Consulting	CDCAC survey of services used and food bank survey	gathered input from the Homeless Steering Committee and the Homeless Task Force as well as a variety of other community partners
