## PRIVACY VERIFIED

### E-RetailCom

With regard to the processing of personal data by Accelerate<sup>2</sup> (an application by E-RetailCom), a privacy audit was carried out by Privacy Verified. Privacy Verified conducts a yearly reinspection in order to check whether E-RetailCom abides to these points.

E-RetailCom takes measures to protect personal data and applies a security policy to do so.

E-RetailCom registers data breaches and has an internal data breach procedure.

E-RetailCom concludes data processing agreements with third parties and customers, before personal data is processed.

Accelerate<sup>2</sup> performs in accordance with the standards of privacy by design and by default. When developing the application, E-RetailCom ensures that all privacy settings are privacy proof.

Stichting Certificering supervises the certification and issuance process of Privacy Verified.
