The power of patience. By Lee Siegel

In a recent piece on the Wall Street Journal, Lee Siegel asked questions about what we do in the English classroom, and whether the questions people tend to have about English - "Is it useful?" - can be answered by a survey "asking students what they think." These kinds of questions are "the lazy phrase - the phrase that makes the uncomfortable claim, though, that filtered information about submitting to Klingbrief, please read more. http://www.klingenstein.org/...
