

What does a **Dedicated Tech Team** mean for you?

Our Dedicated Tech Team is an outsourced team that gives you access to the right mix of skills to match your tech project and flexes as required as your project progresses. You also get end-to-end project management, to ensure your project is delivered on budget and on time.

✔ **You'll save time and money**

We negate the need for the lengthy and costly recruitment and training processes and the ongoing management of the project.

✔ **It gives you flexibility**

Our DTT lets you scale up and down quickly based on the size of the project.

You get access to the full range of software experts required to deliver your project, which can flex if required as the project progresses.

✔ **You get an established and expert team**

We give you access to best in class industry experts who have worked together before on successful projects.

All our experts are based here in the UK and have a wealth of proven skills and experience.

✔ **You get the reassurance of our project management**

We supply a dedicated Project Manager who will have overall responsibility for the delivery of the project. They will be your point of contact and provide you with regular updates and keep the project on time and on budget.

✔ **You can be guaranteed of quality & consistency**

We have recruited our team based on their skills and experience. We've all worked together before and are a great team who relish the challenge of delivering successful projects.
