INTRODUCTION

VISION

Our story began with a mission, inspired by the vision of the great Ryoshi, Founder of the Shiba universe, to disrupt traditional finance by developing an entirely decentralized project backed with utility, run by the people, for the people.

ABSTRACT

Ryoshimoto is set to create a stand-alone sector for anime projects. Our Launchpad and Wallet will serve as a starting point for Anime projects who want to come onboard. This will be beneficial in two ways. Users will have the ability to gain early access into exclusive projects, as well as teams will have a ready base of users on our Launchpad.
