

Senior PHP developer

Do you have a passion for creating software that impresses users beyond their expectations? Join a dynamic agile development team who do just that!

You will be joining a team who are responsible for creating an incredible user experience using the latest development techniques.

Our product has been developed from the ground up by our inhouse team and you have a chance to put your signature on it.

Skills & Requirements

About You

You are proud of the products and features you have implemented. You love solving problems, working in an agile (XP) environment, are a fast learner and have a fantastic attention to detail. You communicate and work well with your peers and people outside your team.

You code blindfolded in PHP, jQuery and MySQL. You love coding and make sensible and practical choices amongst multiple design solutions, in keeping with existing UI/UX.

Skills needed

We are expanding our development team and are looking for a passionate and creative Senior PHP Developer to join our existing development team in Southport.

You will be required to make changes to our platform within our development environment as per the team's development timeline.

You will be required to attend specification meetings as required and engage with integration partners to integrate our systems further.

The ideal candidate will have experience in the following:

- PHP 8.0+
- MySQL/MariaDB
- Strong Laravel Knowledge
- jQuery
- Vue 3
- Cordova/Ionic/PhoneGap/App experience desirable.
- RESTful API Development
- HTML/CSS (Bootstrap)
- AWS
- Git
- Linux (CentOS/Fedora/RHEL or other associated sources)
- Agile (XP) Development

Your team

Smart, dynamic and inclusive. We learn from each other all the time. We make choices based on the merit and not position of the person who is suggesting it. We have a strong bond together which is based on the success of our product.

You will be working as part of a team of 5 other developers with supporting skillsets and reporting to our Head of Development Manager who is also a developer.

About Perfect Portal

Perfect Portal is an award-winning digital onboarding and client-centric solution for Law Firms. Perfect Portal enhances the Law Firm's client experience with a fully branded mobile app that supports every area of law with integrated features from VOI, VOF, payment on account, e-signatures, matter updates as well as the completion of TA forms.

We help our clients improve their new business efficiencies across all departments with website lead intake forms, conveyancing quote calculators and smart dashboards that ensure nothing slips through the cracks. Our cloud and app-based secure systems also drive early client engagement, increasing conversion rate, speeding up the transactions whilst ensuring all parties involved are updated on matter progress.

We offer market-leading technology that is continuously evolving to ensure that our law firms remain one step ahead of their competitors.

Perfect Portal currently services 4,000 law firm users and is growing at a rapid rate and has to date, facilitated its firms in generating 1.7 million leads. Our client base includes major firms in the UK including firms registered as a Legal Top 500 Firm.

Perfect Portal is a part of the ATI Group. ATI's great success Globally is only the starting point in our ambition to be the best provider of digital onboarding software and solutions in our market in the world.
