Critical thinking and problem solving

1. Lucas chooses a pair of pants, shirt 2, and sneakers for his bear. Does he have enough money to buy these?

A large, empty rectangular box with a blue border, intended for a student to write their answer to the first problem.

Which item can he replace to spend exactly \$10?

A large, empty rectangular box with a blue border, intended for a student to write their answer to the second part of the first problem.

2. Latiffa starts with buying a pair of pants, shirt 1, and rainboots. How much has she spent so far?

A large, empty rectangular box with a green border, intended for a student to write their answer to the second problem.

How much money does Latiffa have left to spend?

A large, empty rectangular box with a green border, intended for a student to write their answer to the third part of the second problem.
