## Let's measure - choose your tools!

Each box has a different measuring tool. Think of any item that would make sense to measure with the tool. Draw or write your item in the boxes below.

## Let's measure - choose your tools!

### Bonus:

Lucas's little sister is 2 years old and he wants to measure her height. What tool would be best for this? Explain why.

A large rectangular box with a wavy orange border, containing seven horizontal orange lines for writing an answer.
