WINSTON-SALEM
STREET SCHOOL
A ROAD TO HOPE

# ANNUAL REPORT
## 2021–2022

# Letter from the Director

Since I joined the Winston-Salem Street School family 4 years ago, our goal was to create an environment conducive to teaching and learning for our faculty and students, so that we could experience success stories like we've seen this year. We have navigated challenges that small nonprofit organizations face in normal and now, abnormal times, and our students have shown nothing but resiliency and dogged determination. More students than ever are now experiencing the positive and encouraging culture of our program and for most, discovering a love for learning they have never had. How is it possible that 28 students in the Street School Class of 2022 have completely changed the trajectory of their lives?

Could it be the small class sizes, individualized attention, alternative approach to teaching, or the safe and nurturing atmosphere? Yes. Add students appreciative for a second chance to earn their high school diploma, and you have a formula that produces inspiring results. Since our humble beginnings in 2004, nearly 300 students have made the decision to complete our program and gain confidence and the necessary skills for a new lease on life.

Thanks to a dedicated group of individual donors, and a broad base of financial, in-kind, and volunteer support from local businesses, the faith community, and area foundations, the Street School is making more of an impact now than we ever have. As a matter of fact, due in large part to our stakeholders and those who believe in our mission, we are now serving record numbers of students in our high school and adult online programs. Of course, with growth comes added expense, so thank you for making sure our momentum does not slow.

**To our recent graduates, we say dream big and go do amazing things with your life! Better yet, act on those dreams and know that you have what it takes to achieve your goals. To you, our supporters, a "thank you" seems insufficient. But on behalf of the wonderful students we serve, we truly appreciate your confidence in the Street School, your contributions, your volunteer hours, and your compassion for our important work.**

God bless,

Mike Foster

# Letter from the Chairman of the Board of Directors

As Board Chair of the Winston-Salem Street School, I thank you for your prayers, volunteer time, gifts in-kind, and financial support of our Street School community over the past year.

It has been an amazing time! Our Executive Director Mike Foster, staff, faculty, students, and volunteers have guided our school through the pandemic and are transitioning forward to a new vision for our student population. Do you realize that our students only missed one week of educational instruction during the past two years of the pandemic? An amazing accomplishment!

We eagerly look forward to reaching new horizons in the future. Our Board recently adopted our 2022-26 Strategic Plan focusing on four (4) strategic priorities that I would like to share with you.

- **Achieve and sustain full student enrollment capacity** of 60 in our high school program and 20 in our adult education program.
- **Develop and implement life skills training and education** for all students throughout their Winston-Salem Street School experience; building on life skills training, developing and implementing post-graduation career and education planning for our students.
- **Develop and implement a Brand Building Plan** for the Winston-Salem Street School that achieves high levels of stakeholder awareness and clarity of the school's unique mission and success educating the at-risk youth of the greater Winston Salem area.
- **Develop a sustainable financial plan** for the Winston-Salem Street School at full enrollment with specific targets for compensation, benefits and additions to faculty and staff for full enrollment.

Yes, we have set our goals high with expectations to grow and highlight our school's mission but also to focus and expand the career readiness of our students to the next level in their lives whether it be educational, vocational, or public service.

We thank you for your past support and want to invite you to join us on a more personal level to experience the love and miracles occurring at the corner of Sixth and Buxton Streets in downtown Winston-Salem. Please consider providing a lunch, be a guest speaker, tutor, assist with clubs (art, music, games, STEM, cooking, garden, and more), lead a workshop (career, resume writing, job interviews, and far more), perform a service project, help with summer programs or extracurricular activities, organize a field trip, set up a student service-learning opportunity or be a mentor.

**You can make a difference in the lives of our students as well as your own.**

Just call Bonnie Flythe at (336) 721-1110 or contact me directly at (336) 345-4753 to schedule a thirty-minute tour of the school and expand your experience with the Winston-Salem Street School.

Blessings,

Richard C. Harrington
*Board of Directors, Chairman*

# Letter from the Development Office

## Thank you for your support!

We are grateful to our incredible donors, and it would be difficult to leverage the resources you share into a more successful school year! We thank you, not only for your financial support, but also for lunches, supplies, speakers, volunteers, field trips, men's formal wear (if you don't know, please do ask); the list is boundless. Your support of the Winston-Salem Street School makes a difference in our students' and alumnae's lives every single day. In addition to earning high school diplomas, our students discover an accepting, supportive faculty and staff who sincerely care about their future and well-being as a community member and as a potential graduate.

Your gifts help us inspire our students and expose them to our vibrant city that affords them opportunities they may not know. Field trips this year include YMCA Camp Hanes, Xpresscreen, Carolina University, a Dash game, the list goes on and on. This is because we offer organized clubs and outings on Fridays to enrich our students' experiences, much like the public schools. We feel that this holistic education is a tremendous benefit to our students, and we could not offer this without your support.

Again, organized fundraisers were varied due to community health, and you were so supportive. As much as we hated it, we postponed our annual Sylvia Shelton Memorial Luncheon from October to April. What a celebration it was! Thank you all for your incredible support of our most important fundraiser of the school year! We again offered Share the Love "To Go" and were so happy to keep our Feet for the Street 5K race in the spring. One of the amazing aspects of our development year is how many seemingly spontaneous gifts you gave the Street School; gifts that were not necessarily solicited by a specific request but simply appeared in the mailbox or at our door. Your generosity empowers us as a faculty and staff to improve and grow.

Finally, with your support, we did grow! In Fall 2021, the Adult Program opened at a location on Summit Street within walking distance of our primary high school campus! This gave the high school space for more students. We are proud of our 28 fresh WSSS graduates and look forward to filling our classrooms with new students this fall. You are a critical part of this growth, and we are humbled by and grateful for your generosity.

With gratitude,

Bonnie Flythe

Bonnie Flythe
*Development Coordinator, Winston-Salem Street School*

# Graduate Spotlight – Class of 2022

### HANNAH,

Adult Program

**Why did you come to the Winston-Salem Street School?** I came to finish high school. If my daughter was still here, I would want her and my other children to know that not finishing high school is not an option and it will be more believable to them if I graduate.

**If you were trying to convince someone to come to the Street School, what would you tell them?** It's very beneficial, being in the adult program; you can work and still earn money and not worry about being kicked out. The program is flexible. Miss Cindy is a mentor, and she is like a mother. I felt alone and stopped coming as much, and Miss Cindy and Ana lifted me up. They told me I could do better. They were encouraging. Miss Cindy and Ana are very caring.

### LO'VAE,

High School

**If you were trying to convince someone to come to the Street School, what would you tell them?** My time at the Steet School has been a good experience! There is plenty of extra help; the teachers don't have too many students. Everyone here motivates. They even help with mental health, not just education. There are less people here than in public school, so there is less drama.

**What are your plans after graduation?**
I plan to get my driver's license and then enroll in the welding program at Forsyth Tech.

# WSSS Thanks Our Lunch Volunteers!

**Whether at work or play, most of us enjoy a good lunch or break from the everyday. During the 2021–2022 school year we estimate that more than 10,000 meals were enjoyed here at the Winston-Salem Street School by our students, faculty, and staff!**

Many more were enjoyed by our generous volunteers and by Street School families due to our efforts to make sure all you share with us goes to good use; many of you know about our popular "take home" boxes.

We cannot thank our generous volunteers enough! Be sure you are on our email list, so you are aware when the sign ups to bring lunch to our WSSS family are available. We are happy to suggest menu ideas, or you are free to surprise us! You may have the meal catered or lovingly cook it yourself, but folks seem to enjoy it the most when they create a group or team and manage feeding at least 50 people with support. And we are grateful for YOUR support of our program and the learning process!

# Club Volunteer Spotlight…ART!

## What gives our students the possibility to be free to do as they please and focus on themselves? Art Club does!

While we have offered art as an opportunity and activity on occasion, this year Annemarie Johnson, a professional medical illustrator, answered the social media call for someone to spearhead our new Art Club, and we are so lucky she did! She had been following our social media after a chance encounter with our own LB the Poet at the Central Library.

Annemarie's profession requires her illustrations to be hyper realistic. At work, she listens to many team members so she can provide what her clients want. At first, Annemarie was nervous about telling students what to do. She likes to listen when they speak of what they enjoy, so rather than teach, she allows our students to create without a true objective; it is their creation. She does not want to "teach" art, she wants art to give our students a voice and hope they can let their art speak for themselves. Turning inward can bring surprises, and she ensures the students have their own ideas. Our students thrive in her stress-free environment, and Annemarie reports that each student tries! "Mark" twists techniques; he creates scientific fantasy art. "Tim" always tests whether it is the materials or techniques. They learn, but there are no grades, it is simply to create and enjoy. Art Club is a safe space. Annemarie's hope is that our students will love art enough to think it is worthwhile and helpful. Students are exposed to artists who create for community, sometimes encouraging conversations about topics no one wants to talk about. Our students recently enjoyed a field trip to SECCA; several had never been to an art museum. Annemarie loves watching art "do its thing."

# Our Teacher's Perspective

## Terrance Hawkins, Bible Teacher

I've been teaching part-time at Winston-Salem Street School since the 2017–18 school year. It has truly been an honor and joy to build with, support, guide, and learn from the students who attend this unique school. As a former pastor, long-time youth development worker, and faith-rooted community organizer, I feel deep gratitude for the opportunity to create a safe and generative space for students of all walks of life and religious traditions to engage with the Bible—specifically the story of Jesus as told by Luke.

**My class is not designed to "indoctrinate" students with a set of rules, cultural norms, and manageable propositions about God. Clumsily, I try to make it a space of encounter, exploration, dialogue, hard questions, respectful disagreement, and critical thinking.**

When it's all said and done, my hope is that students see how the story of Jesus of Nazareth is relevant for those "who live with their backs against the wall," as Howard Thurman – spiritual advisor of Reverend Martin Luther King Jr – put it.

The beautiful and brilliant students of the Winston-Salem Street School are the left out, looked over, and pushed down of our city. They are, in many cases, victims of systemic neglect, trauma, and isolation. Yet, it is clear, working with them every day, that they are much more than their trauma, pain, problems, and worst moments. They are full of promise and power. They are, in the words of Tupac, "roses out of concrete."

The story of a Jewish teenage mom (Mary) from a seemingly insignificant "barrio" or "hood" called Nazareth, who gave birth to a Child who grew up a "root out of dry ground" has resonated with my students this year. On numerous occasions students have expressed how surprised they have been that these ancient stories connect with their lived experiences.

After missing the entire 2020–21 school year, I was honestly a bit nervous about how well I'd be able to get back in the mix with students and facilitate engaging classes. As always, I was quickly reminded that working with our youth is a journey of mutual transformation. I learned just as much from them as they learned from me. This year, like any other, has had its ups and downs, twists and turns, accomplishments and disappointments. Yet, as I think about all that has occurred, I see an unbroken thread of holistic care and empowerment through education at the Street School.

### Curriculum and Programs

**Core Classes**

**English**
English 1, 2, 3, 4
Elements of English

**Math**
Consumer Math
Pre-Algebra
Algebra 1, 2

**Social Studies**
American History
Government/ Economics
World History

**Science**

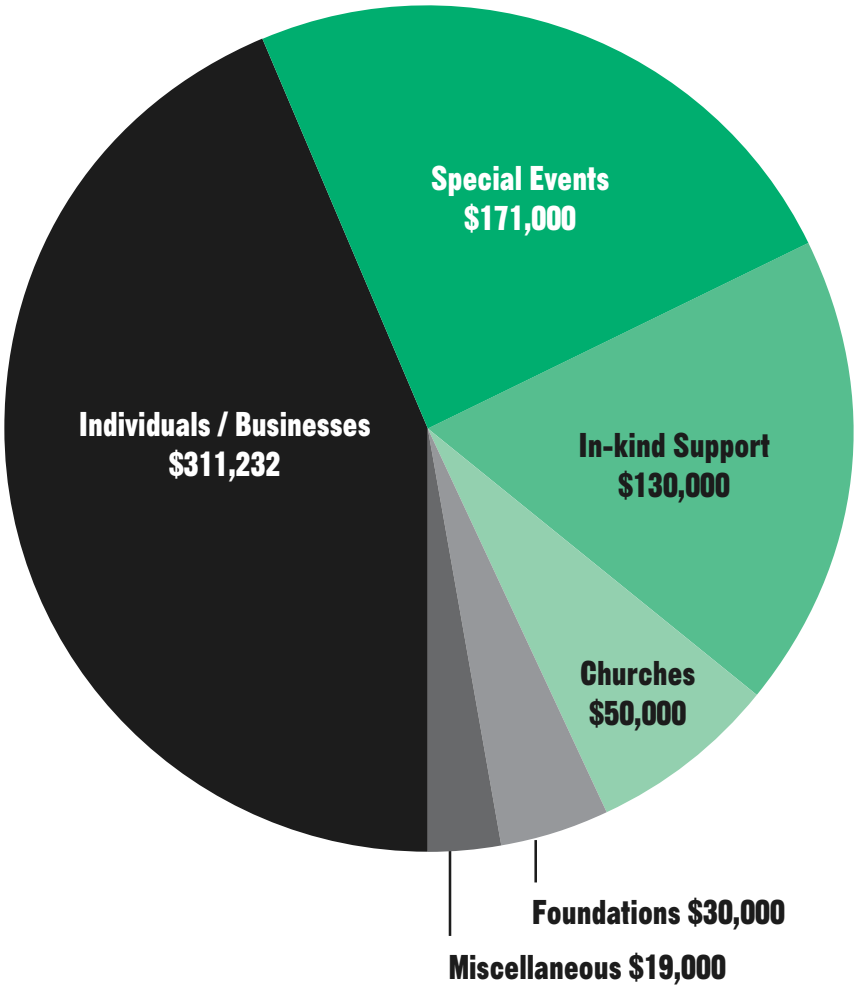
## WSSS Wish List

Copy Paper · 45 Gallon Trash Bags · Stamps
Paper Towels · Gallon Ziplock Bags · Kleenex
Foil and Cling Wrap · Grocery Store Gift Cards
Bottled Water · Dry-Erase Markers
Snacks (chips, granola bars, fruit cups, pudding cups, Cup-o-Soup)

**Please consider making these and all your Amazon purchases through amazon.com/smile. Select the WSSS as your charity of choice, and Amazon will donate 0.5% of your purchase price to the Winston-Salem Street School.**

# How does the Winston-Salem Street School operate?



The Winston-Salem Street School is a private, 501(c)(3) nonprofit organization. Our programs receive no state or federal funding; therefore, our operating budget consists of the following projected revenue streams for the 2021–2022 fiscal year. Your gifts are greatly appreciated.

**Individuals / Businesses $311,232**
**Special Events $171,000**
**In-kind Support $130,000**
**Churches $50,000**
**Foundations $30,000**
**Miscellaneous $19,000**

**Total Budget $711,232**
