<b>Purpose</b>	The Sanlam UCT Online High School (OHS) Scholarship Policy outlines the policy and procedure relating to the UCT Online High School selection and retention of scholars for the Sanlam UCT OHS Scholarship Programme

<b>Approval Authority</b>	Head of Strategic Opportunities
<b>Version History</b>	Version 1, Effective 15th October 2021

## 1. Introduction

The Sanlam UCT Online High School Scholarship programme was birthed to invest in the education of talented individuals from historically disadvantaged families, who demonstrate academic potential, have aspirational mindsets, the intent to make a positive, impactful contribution to our nation and who are unable to access high-quality education as a result of financial constraints. One of the primary goals of the programme is to advance the transformation of the talent pipeline to South Africa such that the workforce is representative of the racial demographics of South Africa.

We are launching this programme because we believe that these ambitious, intrinsically motivated and responsibly minded young people have the potential, but not the path to access leading universities for further education and development that will set them up for success and an impactful contribution to society.

In October 2021, leadership from Sanlam Life Insurance Limited (“Sanlam”) and Valenture Institute Proprietary Limited (“Valenture”) agreed to partner in launching what will now become the Sanlam UCT Online High School Scholarship Programme for a cohort of 100 students in 2022 (the “Sanlam scholars”), to attend UCT Online High School for the duration of their high school career.

- 5.3. The Scholarship Programme seeks to provide opportunities to learners, as defined in 5.2, in order to transform and diversify the talent pipeline of South Africa (including Sanlam) in line with South Africa's demographics, based on financial need and academic merit.
- 5.4. The applicant learner must be fully dependent on the guardian(s).
- 5.5. Applicants for the Scholarship Programme must meet the criteria as outlined in this policy and provide evidence to support this.
- 5.6. Those awarded a scholarship under the Scholarship Programme will receive a 100% coverage of the annual tuition fees for the full duration of

the secondary education subject to the retention criteria being met and subject to any further terms and conditions set out in this policy.

- 5.7. In addition to full coverage of the annual tuition fees, learners may benefit from Sanlam personal development sessions from Sanlam leaders and employees; as well as exposure to potential career opportunities and access to apply for University bursaries offered by Sanlam beyond their secondary education phase.
- 5.8. Where awarded, the Scholarship Programme does not supply any equipment, connectivity, examination fees, stationary or other costs over-and-above the annual tuition. Guardian(s) must take responsibility for familiarising themselves with these expected costs and will be responsible for them.

- 5.11. Guardians of all learners, irrespective of their scholarship status, are legally required to provide a safe conducive learning space with adult supervision.
- 5.12. Guardians of all learners who have been awarded the scholarship are responsible for purchasing the necessary stationery as outlined on the UCT OHS stationery list.
- 5.13. Guardians of all learners who have been awarded the scholarship are responsible for funding the South African Comprehensive Assessment Institute (SACAI) matric examination fees.

- 5.14. It is expected that guardian(s) will provide ongoing encouragement and support to their child, in conjunction with the UCT Online High School Support Coach.
- 5.15. Save for the specific provisions of the Scholarship Programme pertaining to the criteria for eligibility, tuition exemption and retention thereof; guardians and learners benefitting from the Programme are required to comply with the UCT Online High School Terms and Conditions, including the Handbooks and policies, of UCT Online High School (collectively, the "UCT OHS Terms and Conditions").

## 6. Policy details and scope

This Scholarship Programme, the tuition fees of which are fully funded by Sanlam, is the result of an agreement between Sanlam and Valenture and only applies to the UCT Online High School offering.

- 7.5. Once applications close, the guardian will be notified via email if the applicant learner has been shortlisted to write UCT OHS' online academic mathematics and language assessment.

- 7.6. The applicant learner will be required to login into the assessment platform and complete the academic assessment within the stipulated time period.
- 7.7. By submitting an application for the Scholarship, the guardian(s) accepts (and hereby provides consent) that the information provided as part of the application process will be made available to Sanlam and Valenture, including Personal Information (as such term is defined in the Protection of Personal Information Act, 4 of 2013) in relation to the applicant learner. - 8.10. Should this information not reconcile with the information provided in the application form, this will lead to the conditional offer being revoked.
- 8.11. Once ID and report documents are verified, the applicant learners will move into the pre-orientation phase where activities such as benchmarking testing, subject selection and the development of personalised timetables will take place.
- 8.12. At the end of the fourth term, applicant learners will be required to submit their final grade 7 or 8 or 9 report for final validation that the applicant learner has met the promotion requirements to enter grade 8, 9 or 10 (as applicable).
- 8.13. Once the applicant learner's grade 7 or 8 or 9 report has been successfully verified, the guardian will receive the final scholarship offer letter.

- 8.14. The guardian will be required to accept the scholarship offer letter within 2 days of receiving the offer. As noted above, submission of an application and acceptance of a scholarship offer will be subject to the applicant's (and applicant learner's) acceptance of the UCT OHS Terms and Conditions and this policy. Failure to accept the offer letter will result in a withdrawal of the offer.
- 8.15. Should any of the final shortlisted applicants fail the document verification process, not submit on time or fail to accept the final offer, all offers made up until that point will be withdrawn. The Selection Committee will then review the shortlist and make an offer to the next applicant on the shortlist.

- 11.5. Where a learner has failed to meet the academic criteria for retention of the Scholarship, they will be placed on academic probation and be granted a six month period of remediation to achieve the required results. A learner may only be placed on academic probation once throughout their high school career.

## 12. Termination of Scholarship

An awarded Scholarship may be terminated where:

- 12.1. There has been a breach of the UCT Terms and Conditions or any UCT Handbooks and policies (including this policy) by the guardian(s) and/or learner.
- 12.2. The learner fails to meet the academic standards notwithstanding being given one opportunity to remediate their performance whilst on academic probation for six months. - 12.3. Should either Valenture or Sanlam decide to terminate the agreement between them regulating the Scholarship Programme in accordance with its terms, Valenture, UCT OHS and Sanlam cannot be held responsible for ensuring the sustained tuition payments. Valenture, UCT OHS and Sanlam will, however, use reasonable efforts to ensure that the learners are not unduly prejudiced by such termination. The guardian of the learner will

have to take responsibility for sustaining the education of their child either at UCT OHS or elsewhere.

- 12.4. Should the guardian no longer wish for their child to attend UCT OHS, they are required to provide at least three (3) months' notice to UCT OHS in writing to provide sufficient time to enable another learner to benefit from the scholarship.
