2. This policy shall at all times be interpreted and applied in a manner that protects and promotes the best interests of all learners concerned.

POLICY

1. MODE OF TEACHING AND LEARNING

UCT Online High School for the SA National Senior Certificate (CAPS) Curriculum is a designated online school for online learning. Learners will need to be computer literate and have access to a computer with reliable internet connectivity that supports live conferencing tools. This is a prerequisite.

2. LANGUAGE OF TEACHING AND LEARNING

The School has determined that it will be a single-medium online school, where the medium of instruction is English. Learners admitted to the School need to be sufficiently proficient in English so as not to prejudice their ability to progress academically.

3. CRITERIA FOR ADMISSION

As a School, we subscribe to the need for equal opportunity and broadening of access to quality education. We believe that young people with potential deserve access to a high quality secondary education that does not marginalise individuals based purely on an opportunity gap in their academic grades. This philosophy is also balanced, and premised, upon the acknowledgement of the imperative fact that learners must hold a certain level of prior academic performance that provides an adequate foundation for further achievement. It is this balance that has determined our admissions requirements to support equal opportunities, where appropriate and necessary. Academic Review Assessments are in place to ensure that this balance is met. It is this, and the consideration of the promotion requirements as determined by the South African Department of Basic Education, that has determined our promotional requirements. Please see Section 4 below for more detail.

3.1 General Admissions Criteria

The selection of learners for admission to the School shall be based on an assessment of the following factors (in no particular order):

- 3.1.1 Whether a complete application for admission (being a complete set of all information requested in terms of the online application) has been submitted with payment of the non-refundable application fee.
- 3.1.2 The age of the applicant. The School offers a Senior Phase and SA National Senior Certificate experience and may not be able to offer admission to applicants below or above the appropriate age. The table below outlines the appropriate and set age boundaries per grade:

Grade of Entry	Standard age in grade (by June)	Minimum age at start of grade	Maximum age at start of grade
8	14	12	16
9	15	13	17
10	16	14	18
11	17	15	19
12	18	16	20

3.1.3 Whether the applicant holds the stipulated prerequisites for a subject, where relevant, and has met promotion requirements for the grade immediately below the grade to which the admission application relates (please see Section 4 below for more detail).

3.1.4 Whether the School is able to meet the educational needs of the applicant (including, but not limited to, any special educational needs of the learner). For learners who are differently abled, please refer to UCT Online High School for the SA National Senior Certificate (CAPS) Curriculum's Accessibility & Accommodations Policy.

3.1.5 If the School is able to meet these needs, an applicant with any barrier to learning will be required to complete an appropriate assessment.

- 3.1.6 The capacity of the applicant to meet the academic requirements of the syllabus, the determination of which will be through assessment of the applicant's most recent previous school results. Applicants who are from a non-CAPS-aligned curriculum or candidates whose academic grades for any of Home Language, First Additional Language and Mathematics are lower than the pass thresholds for their Grade by less than 10%, will need to complete an Academic Review Assessment. The results of this assessment will help determine their acceptance status.
- 3.1.7 The willingness of the applicant to participate in, and add value to, all areas of School life.
- 3.1.8 The academic aptitude of the applicant is appropriate for entry into the particular qualification / subject to which the admission application relates.
- 3.1.9 The applicant will be able to balance the academic demands of the School with all other demands of the School, including the demands associated with a learner's participation in learner-led virtual clubs, group academic sessions, and learner-led study groups.
- 3.1.10 Whether the applicant will benefit from the programme of the School given their proficiency in English, which is the language of learning and teaching at the School. The inability of a learner to communicate effectively in English may place an unreasonable limitation on their academic progress at the School.

4. PROMOTION REQUIREMENTS

4.1 CAPS Promotion requirements Grade 7 – 9

Learners in Grades 7 to 9 will be promoted from grade to grade if they have offered nine (9) subjects and complied with the promotion requirements, as set out by the DBE in eight (8) of the subjects indicated below:

Programme requirements	Promotion Requirements	
<p>A learner must offer the following nine (9) subjects:</p> <ul style="list-style-type: none">• Home Language (HL)• First Additional Language (FAL)• Mathematics• Natural Sciences• Social Sciences• Life Orientation• Technology• Creative Arts	A learner must obtain the following minimum standards:

4.2 CAPS Promotion requirements Grade 10 - 12

A Senior Certificate will be achieved by a candidate who satisfies the following requirements in these examinations:

1. Pass three subjects at 40%, one of which must be an official language at Home Language level.
2. Pass the other three subjects at 30%.

4.3 Applicants who do not meet the set promotion requirements

Where the promotion requirements have not been met learners may repeat their current grade. Final placement is subject to an applicant achieving all promotion requirements for their current grade, thus being eligible to progress to the next grade.

Borderline academic grades for Senior Phase and FET Phase:

If an applicant's grades for any of Home Language, First Additional Language and Mathematics are lower than the pass thresholds for their Grade, by less than 10%, they will need to complete the Academic Review Assessment.

4.4 Other considerations

We are very keen to have our learners succeed with us. To this end, if a learner is coming from a non-CAPS-aligned curriculum or whose current language of instruction is not English or if the learner has barriers to learning, then the learner will be asked to write an Academic Review Assessment to determine their suitability to succeed with us.

5. SUBMISSION OF APPLICATION FOR ADMISSION

5.1 During application for admission

- 5.1.1 All applications for admission to the School must be made online through the submission of the application form on the School's website. The School's prescribed online application form must be

The guardian on record will be contacted to confirm their consent.

- 5.2.5 The School reserves its rights to verify all information and documentation supplied by an applicant for admission, and reserves its rights to terminate the enrolment agreement and take legal action against any applicant who intentionally provides false information and documentation.
- 5.2.6 Upon receipt of all required documentation, the relevant team processes all information in accordance with relevant rules, policies and regulations. Final placement and enrollment is dependent on meeting all admissions requirements.

- 6.1 The fees are set by the School, and are subject to annual increases.

- 6.2 Where an application for admission to the School is successful and the conditional offer is accepted, the fee payer concerned has a contractual duty to pay the relevant school fees, unless they have been exempted from paying all or part of the fees payable.
- 6.3 A schedule of the school fees payable to the School for the relevant period of admission will be provided by the School.

- 8.2 The School will consider all applications received for admission to determine whether the applicants concerned are eligible for admission to the School in terms of the admissions criteria set out in this policy.
- 8.3 Once the application has been submitted, this will be reviewed in line with the admissions criteria in this policy and communication confirming whether the application for admission has been successful or unsuccessful will be sent to the applicant's guardian(s) once a decision has been taken.
- 8.3 Successful applicants will be sent a conditional offer of admission pending the fulfilment of stipulated criteria. In the event that these criteria are not met the conditional offer for the grade of entry will be revoked.
- 8.4 Where an application for admission is conditionally successful, payment by the fee payer will be required to accept the place offered to the applicant by paying the stipulated non-refundable placement fee by the date indicated in the communication of acceptance issued by the School. This placement fee will be indicated on the conditional offer and is subject to the terms of the Fees Handbook.
- 8.5 The School reserves its right to rescind a conditional offer of a place to study at the School where the placement fee for the successful applicant has not been received by the School by the stipulated deadline.

8.6 If the School denies admission, the guardian and / or applicant may request reasons for such a decision from the School. These reasons will be provided in writing by the School within a reasonable time after receiving the applicant's request.

8.7 Once the non-refundable placement fee has been received, the guardian will be asked to upload further documentation via the School Portal as stated in 5.2 above.
