- All applications for admission to UCT Online High School must be completed online by following the relevant links on the website.
- Applicants to UCT Online High School must ensure that they provide all the required information identified during the application process.
- Applicants understand that the submission of an application does not automatically guarantee or entitle the applicant to be offered a place of study at UCT Online High School.

5. General rules on enrollment

5.1. Requirements for enrollment

- Applicants must meet the conditions for admission into a programme in order to be enrolled as learners.
- Any conditions set out in the conditional offer letter post acceptance must be adhered to.
- Guardians must have a current email account; the applicant must have access to a computer, smart phone, webcam, stable internet and a printer.
- Learners admitted to UCT Online High School must be familiar with using, and have adequate access to, a computer and the internet as they need to be able to read documents in Adobe PDF Reader, view Google Slides, and read and create documents in Google Docs and Microsoft Word. In addition, learners will need to view the video lectures, resources and activities available in the curriculum. Applications are available for download:

Adobe Reader: <https://get.adobe.com/reader/?promoid=BUIGO>

- We recommend that learners use Google Chrome as their internet browser when accessing the UCT Online High School Campus. Although this is not a requirement, we have found that this browser performs best for ease of access to programme material. This browser can be downloaded from the following website:
<https://www.google.com/intl/en/chrome/browser/>
- UCT Online High School will, from time to time and through the appropriate channels, stipulate the software that all learners must have access to. It is the guardian's responsibility to ensure that learners have access to the software required, and learners must familiarise themselves with the software. UCT Online High School may also stipulate that additional software and resources are required for certain programmes.
- Guardians are obliged to source and obtain access to the necessary software and resources required for programme completion at their own cost.
- Guardians and learners are responsible for ensuring that the services that may be used as part of their programme delivery (such as Google search engine, Google Suite and YouTube) are available in their particular jurisdiction.
- UCT Online High School will not be held liable for any consequences of the use of such software or resources. UCT Online High School does not sponsor or endorse, nor is it affiliated with, the entities responsible for software and resources unless expressly stated otherwise – these are simply programs chosen for their global use patterns and effectiveness for the programme outcomes.
- Where the curriculum calls for practical experiments or projects, specialist equipment may be required and this will be at the guardian's expense. UCT Online High School will not be held liable for any loss incurred or injury suffered as a result of the negligent usage of this specialist equipment.
- UCT Online High School may change the programme requirements for a particular programme at any time by advising guardians and learners

through the UCT Online High School Learner and Guardian Portal and/or by email.

5.2. School email account

- Enrolled learners will be issued with a school email account. This account is to be used solely for the purposes of a learner's learning experience.

5.3. Extracurricular activities / Virtual Clubs

- UCT Online High School offers a range of Virtual Clubs that learners can join. Virtual Clubs are not compulsory but provide learners with opportunities to learn new skills, express their creativity, create communities, and most importantly to have fun. Our virtual club offering is across our curriculums so learners may meet and engage with learners completing a different curriculum to them.
- UCT Online High School also provides a directory of South African extracurricular service providers located in the major cities where the majority of our learners are located across South Africa. It is important to note that UCT Online High School holds no affiliation with the service providers listed in the directory, and as such it is the responsibility of

guardians to undertake their own full vetting before their child becomes involved in any activities recommended in the directory.

5.4. Meetups

- Meetups may be convened if appropriate. These are optional in-person experiences that learners (and in some instances, learners and their guardian(s)) may participate in. The Code of Conduct applies generally to learners' participation in these meetups, and any additional rules or requirements that learners must adhere to will be communicated to learners ahead of time.
- UCT Online High School arranged meetups must be supervised by staff members or guardians. Where guardians supervise they are required to sign an indemnity waiver.

5.5. Absence & illness

This section applies to short periods of absence due to illness or extenuating circumstances. For longer periods that require a leave of absence, please see the 'Leave of Absence' section below.

- Learners are expected to participate in all activities and complete all of the requirements for their subjects.
- Where a learner is going to be absent from any academic activities due to illness or extenuating circumstances, their dedicated Support Coach must be alerted timeously by the learner's guardian.
- If a learner is absent due to illness for a period of more than two (2) school days, a sick note must be provided to their dedicated Support Coach.
- Learners are responsible for catching up all academic work and activities that have been missed during the period they were absent due to illness. Support in catching up will be provided by their dedicated Support Coach.

5.6. Cancellation of enrollment

Learner enrollment can be cancelled by the learner's guardian or the School as explained hereinbelow.

Request for learner enrolment cancellation

- Where a learner wishes to cancel their enrollment at UCT Online High School, this must be raised by their guardian(s) with the learner's Support Coach.
- The learner's guardian(s) will be required to meet with the Support Coach to discuss their intention to cancel. The Support Coach will consult with the guardian(s) to discuss the matter and to assist in reaching an informed decision. In the event that the decision is reached to proceed with the cancellation, it must be confirmed in writing to the Support Coach.
- A cancellation of enrollment may have fee implications. These fee implications are clarified in the Fees Handbook.

Right to cancel enrollment

- UCT Online High School has a right to cancel learner enrollment instances where; (a) the learner fails, without a valid reason, to attend school; (b) the guardian is disruptive, unresponsive, and uncooperative which makes it difficult for the school to fulfil its obligations.

5.7. Rules relating to fees

- By accepting an offer to study at UCT Online High School, the learner's guardian(s) / nominated fee payer agrees to pay all fees associated with the learner's programme by the stipulated deadlines.
- Failure to pay outstanding fees by the stipulated deadlines may result in a learner's access to, and participation in, their programme being suspended or cancelled.

5.8. Change of curriculum

- Learners are required to review their enrolment on the UCT Online High School Campus to ensure accuracy.
- Where a learner requires a change in their curriculum due to an administrative error, they or their guardian(s) must notify their Support Coach within 10 days of enrollment.
- Where a learner wishes to make a change to their subject selection, their guardian(s) must notify their Support Coach. Subject change deadlines will be communicated at the start of the academic year.

5.9. Leave of absence

This section applies to instances where a learner needs to take an extended period of absence due to personal circumstances. For shorter periods of absence relating to illness or extenuating circumstances, see 'Absence and Illness' above.

- A leave of absence is applicable in a situation where a learner needs to pause their studies due to personal circumstances.
- A leave of absence can be applied for at any time during the programme.
- A leave of absence cannot be applied for retrospectively or once the programme has been completed.
- Where a learner wishes to take a leave of absence, this must be raised by their guardian(s) with the learner's Support Coach. They are required to contact the Support Coach and will be advised on the steps to be followed, which will include the submission of a form and supporting documents pertaining to the reason for the request.
- The relevant forms will be provided by the Support Coach and must be completed by the guardian(s) and returned, along with any necessary supporting documents, for processing.
- Reasons that are grounds for the possible approval of a leave of absence include:
 - Illness or medical grounds
 - Compassionate grounds

- External study opportunity
- Exceptional opportunity
- The maximum duration for a leave of absence will be determined on a case-by-case basis. In some instances, a leave of absence may result in the extension of the programme enrolment duration, as the learner may no longer be able to write their end of year exams at the original scheduled date.
- Where a leave of absence is granted, all continuous assessment (formative assignments) records for the period for which marks have not yet been entered will remain incomplete and the learner will be required to catch up on these upon their return.
- During a leave of absence, a learner's record remains active and they will be able to access the UCT Online High School Campus and liaise with their Support Coach. A learner with a leave of absence will retain access to the academic materials and progress on the UCT Online High School Campus up to the date of when the leave of absence was processed. The learner will not, however, have access to academic materials released on the UCT Online High School Campus after the date on which their leave of absence was processed.
- A learner has the right to return at the end of the period without reapplying, but notification of their return must be provided to UCT Online High School.
- A learner who is granted leave of absence on medical grounds will be required to show that they are fit for study before resuming their studies.
- Where a learner does not return from a leave of absence according to the approved period, UCT Online High School will make contact with their guardian(s) to establish the reason. If the learner is not able to return to their studies at the end of the approved period, UCT Online High School will advise that the cancellation of enrolment process would need to be followed, and the terms relating to a cancellation of enrolment will apply.

5.10. Reviews & Appeals

- A learner, or their guardian, may request a review of any of the learner's grades where they believe there is an error in the calculation of the grade. All such requests must be made via the termly appeals process.
- A guardian may also appeal a learner's final promotion status. All such appeals must be made via the End of year Appeal process.
- The nature of external appeals is dependent upon the relevant examination body.
- The outcome of the appeal procedure is final.
- For further detail on reviews and appeals, please refer to the relevant programme's appeal policy and communication sent out each term.

6. General rules on programme delivery

6.3. UCT Online High School Campus

- Each programme is delivered over a specified period, informed by the curriculum, through the UCT Online High School Campus, accessible using the "UCT Online High School Campus" website link provided upon enrollment. All programme-related documentation is provided in electronic format and can be accessed through the UCT Online High School Campus.

6.4. Communications

- Learners and guardian(s) may receive communication by telephone, email, WhatsApp, mobile app notifications (guardians) or text message from UCT Online High School representatives for programme administration and related purposes, including reminders of assignments and payments due, or other information related to registration, the learner terms and conditions or this learner handbook.
- By accepting admission at UCT Online High School, learners and their guardian(s) agree and consent to receipt of such communications (although they may opt-out of any generic marketing communications that are unrelated to programme administration, at any time, through the supplied opt-out mechanism on the website).

6.5. Access to UCT Online High School Campus

- Upon learners' final enrollment for a programme, a profile will be set up for them in the UCT Online High School Campus (or, if they already have a profile, they will use their existing profile for the new programme). If a learner is suspended from participation in a programme (for

non-payment of fees or any other valid reason), UCT Online High School may suspend access to that learner's profile on the UCT Online High School Campus.

- Please note that there may be some time delay between admission and enrollment. Access to a programme presentation and the UCT Online High School Campus may be limited to 30 days from the closure date.

6.6. Permitted use

- Only learners who are enrolled for a programme may participate in that programme. Learners may not divulge their username or password to any other person, may not permit any other person to participate in the programme on their behalf, and may not impersonate any other person in dealing with UCT Online High School or access the UCT Online High School Campus by using another user's username and password. - Reverse engineering, decompiling, or disassembling any software that is contained within programme content or on the UCT Online High School Campus.
- Removing any notice of copyright, trademark or other proprietary right from any place where it is on or embedded in the programme content (an example of this would be to edit the IPTC data).

6.8. Learner responsibility

- Learners must contact UCT Online High School immediately if they experience any unauthorised use of their profile details.
- Learners accept that they are responsible for the consequences of their use of their profile in the UCT Online High School Campus, and for maintaining it and all information on it. UCT Online High School takes security seriously, but as the user, learners accept all the risks of any unauthorised access that could occur regarding their information.

6.9. Access disputes

- If there is a dispute as to who has the right to operate a profile in the UCT Online High School Campus, UCT Online High School may deny access to the profile pending the outcome of the dispute to its satisfaction, and/or transfer the profile to the party claiming a right to it if UCT Online High School is satisfied that the profile was registered on behalf of that party.

6.10. Platform capability

- The UCT Online High School Campus may not be fully compatible with mobile devices, including smartphones and tablets. To access and participate effectively in the UCT Online High School Campus, learners require access to a desktop computer or a laptop computer. Learners will be required to meet the cost of internet access themselves and of any upgrades that are required to their computer or mobile device.

6.11. External websites

- UCT Online High School is not responsible for technical support for any external websites. Programmes that require learners to use external websites do so to achieve the best learning outcomes. - UCT Online High School will not be liable for any costs, claims or damages that learners may suffer as a result of their use of, or failure to access, any external website.

 - Assembly
 - Live check-ins
 - Support pit stops
 - Ask Me Anything sessions
 - Mastery Bootcamps
 - Virtual Clubs

6.13. Student Success Team

- The Student Success Team is the primary contact team for learners and their guardian(s) during a programme.
- Learners will be allocated a dedicated Support Coach during the programme, who will ensure that they have access to programme

materials, and are supported and well informed about programme happenings.

- Support Coaches will be available during working hours (8 am - 5 pm SAST) Monday - Friday by email and WhatsApp.

6.14. Technical Support Officers

- Technical Support Officers are available to learners to handle any technical-related queries that learners may experience during a programme presentation. These team members are on hand to offer general support not related to learners' specific programme, and will be available during working hours (8 am - 5 pm SAST) Monday - Friday by telephone, email and live chat.

6.15. Faculty

- The Faculty team, composed of subject specialists, learning facilitators and teaching administrators, provide instruction and guidance on programme content and academic-related queries. Interaction with Faculty is facilitated via discussion forums and Ask Me Anything sessions where pre-curated questions are answered for the benefit of all.
- Each of the programmes that UCT Online High School offers are examined and delivered according to the curriculum and specifications of the relevant examination body. Certification upon successful completion of the final year of study is awarded by the examination body once all the requirements have been met. Unless otherwise stipulated, UCT Online High School does not issue certification for any programmes.

7. General rules on assessments & examinations

All programmes include continuous assessment, internal summative assessments and the examinations set by the examination body. Specific details regarding assessment are stipulated in the Academic Handbook. Examinations set by the examining body must take place at a physical venue, unless stipulated otherwise for a specific programme.

7.1. Assignment submission

- Assignments are submitted on the UCT Online High School Campus and the timeline of submission is communicated on the online campus.

7.2. Continuous assessment remarks

- Learners may request, in writing, a remark of an assignment within five (5) days of receiving the mark. However, no re-marks will be considered after a summative assessment has been written. This request should be submitted to the appropriate UCT Online High School team for resolution.
- Please note that a remark request may result in an increase, decrease, or no change in assessment marks.

7.3. Academic reports

- Consolidated academic progress reports will be issued to learners and parents at specific intervals, for UCT Online High School for the SA National Senior Certificate (NSC) these will be termly (4 times a year), following the South African government school calendar. For the UCT Online High School for the Cambridge International Curriculum, these

will also be every term (3 times a year). Reports will only be issued upon completion of all termly modules and the associated assessments for that term. Failure to complete the modules and assessments may result in reports being released late.

7.4. Grade queries

- If a learner, or their guardian(s), wishes to query the grading of a task on the basis of picking up an error or a grade that is significantly below the learner's usual average, an application for a review of the marking of their task can be made to the appropriate UCT Online High School team.
- The review will be completed within seven business days of the request.
- Once a review is completed, the grades are either adjusted or feedback is provided.
- Please note that grade reviews may result in an increase, decrease, or no change in assessment marks.

8. General rules on learner submission errors

UCT Online High School enables learners to be equipped as the custodians of their online high school academic learning journey through orientation courses. Instructive and experiential training in the General Orientation Course provides the opportunity for learners to understand and practise proper submission processes for the assessment submissions they will encounter in their learning path with UCT Online High School. This is to ensure learners are equipped and prepared with the necessary administrative skills and experience for the submission process prior to commencing their subject courses and are thus able to focus on the academic work in their academic modules and assessments and minimise anxiety and marking delays associated with incorrect submissions.

8.1. Policy summary

- All UCT Online High School enrolled learner assessment submissions will be marked as submitted. If the marker can't mark the submission due to a learner submission error, the learner may receive zero for the assessment.
- Learners are required to submit correct assessments and will be marked on what is submitted. There will be no opportunity to resubmit an assessment that was incorrectly submitted except for formal assessments. Learners have the responsibility of ensuring they have completed the review and practice submissions in the General Orientation Course to ensure they understand how to, and have successfully been able to, submit assessments. This includes Listening comprehensions, scanning and submitting single page and multi-page documents, saving and sharing video files, saving and downloading documents, Cycle test invigilation.
- Learners have the responsibility of ensuring they read and understand the instructions for each assessment in the learning path carefully before continuing with their submission.
- Exceptions to this policy may be assessed and included within a learner's Academic accommodations.
 - If a learner has a typing concession but it is not present on their profile and the submission is marked as invalid or the learner receives 0.
 - An assessment that has been reworked and learners need to be afforded an opportunity for the new attempt.
 - Submission errors that are due to loadshedding, power outages and/or Campus access challenges.
- If a learner submission in the learning path is interrupted by loadshedding or an online campus error on a final submission attempt and the learner is unable to submit in the allocated time, they must inform their Support Coach as soon as they are able to provide evidence (in the form of a screenshot of the error and/or the loadshedding

schedule for their area). In this instance, the Support Coach may consider to approve an opportunity for a resubmission.

- If the learner receives zero for making a submission error, and the learner wants to dispute the grade, the learner must contact their Support Coach with the specific details of the dispute. The Support Coach will escalate the query and revert with a decision and next steps. Due to the fact that an investigation must be completed, this process could take up to 7 school days.

8.2. Procedure

- It is compulsory for learners to complete all elements of the General Orientation Course. This includes three human-graded Mastery checks specific to assessment submissions: Listening Comprehension, Video Submission and Submission of a demonstration, oral or video assignment.
- If a learner does not pass any or all of these Mastery checks, they will need to attend a review session with a Technical Support Officer.
- The General Orientation Course lessons remain available throughout the academic year for the learner to continue to review as needed.
- If a learner submission for an assignment in their Academic modules is interrupted by loadshedding or an online campus error on a final submission attempt and the learner is unable to submit in the allocated time, they must inform their Support Coach as soon as they are able and provide evidence (in the form of a screenshot of the error and the loadshedding schedule for their area). In this instance, the Support Coach will consider to approve an opportunity for a resubmission.

8.3. Cycle tests & examinations

Cycle tests and examinations make up a large percentage of a learners' mark. These happen in pre-scheduled time slots, under proctored

conditions. Before these assessments, learners must have signed up and tested The Invigilator App to ensure that they know how to upload on the app.

The following will apply to cycle test and exam submissions:

- Should a learner submit an incorrect document, they will receive zero and will not be granted a chance to resubmit.
- Should a learner submit only parts of the test or exam, they will be marked on what is received.
- Should a learner submit an illegible document, they will be marked on what can be read.
- Should a learner experience any technical error that may compromise their submission, they must contact their Support Coach immediately, with as much context as evidence as reasonably possible.

9. External Examinations and summative assessments

9.1. Examinations

- Examinations are classified as a summative form of assessment for a subject and programme. Unless stipulated otherwise, each subject and programme requires learners to write a prescribed number of examinations. Learners must take part in all examinations and summative assessments as required by their individual subjects and programme.
- For special accommodations, please refer to the Accessibility and Accommodations Policy.

9.2. Examination fees

- The tuition fees are not inclusive of exam fees levied by the examining body. The schedule of fees for examinations are released annually and will be made available to fee payers.

9.3. Examination body

- UCT Online High School does not set external examinations for subjects and programmes. All external examinations are set by the examination body for the subjects and programmes a learner is enrolled for.

9.4. Writing examinations

- All examinations set by the examination body are written at physical venues that accept UCT Online High School learners, unless stipulated otherwise for a specific programme. Examinations are written under proctored conditions. UCT Online High School will provide a list of available venues where these examinations are to be written. Guardians and learners are entirely responsible for the arrival of a learner at the allocated examination venue according to the date(s) and time(s) stipulated on the examination timetable.

9.5. Marking of examinations

- UCT Online High School does not mark examinations for subjects and programmes. Unless stipulated otherwise, all examinations are marked by the examination body for the subjects and programmes a learner is enrolled for.

9.6. Examination timetables

11. Learner attendance

What makes a learner successful at an online school is the collaborative efforts of the learning triad: school, guardian and learner. Attendance and engagement with all school scheduled activities, be they synchronous or asynchronous, is a key way in which UCT Online High School supports a learner's success. It is critical, therefore, that the school, guardian and learner work closely together to ensure regular attendance and engagement with all school activities.

At UCT Online High School we recognise that attendance cannot be as narrowly defined as attendance in a brick-and-mortar school. For this reason, UCT Online High School defines attendance as:

1. A learner attending* all live sessions, or alternatively, where possible, watching the recorded session, scheduled into their school-facing Google Calendar. These sessions include:

- a. Ask me Anything (AMA) Sessions
 - b. Mastery Bootcamp Session (where scheduled)
 - c. Academic Support Sessions (where scheduled)
 - d. Live Check-in Sessions
 - e. Support Pit Stops (where scheduled)
 - f. Virtual Clubs
 - g. Assembly
2. Logging into their Online Campus each school day.
3. Completing and submitting all weekly assessments before the weekly Friday and Sunday due dates.
4. Completing and submitting all Cycle Tests and Examinations.

***It is important to note that for a learner's attendance to be counted in a live session they must be present for at least 80% of the live session. Attendance shorter than this will result in the learner being listed as absent. Learners must be punctual to their live sessions and may not leave a live session without being excused by the Subject Specialist.**

11.1 Roles and Responsibilities

Learner

Learners have a responsibility to:

1. Attend all school engagements, both synchronous and asynchronous.
2. Ensure that they are punctual to all synchronous (live) school engagements,
3. Log in to their online campus each school day.
4. Submit all assessments and assignments by the weekly and termly due date
5. Attend, write and submit all scheduled Cycle Tests and Examinations.

Guardians

Guardians are expected to:

1. Ensure learners attend all synchronous and asynchronous school events.
2. Ensure that learners are not absent without a valid reason (see below).
3. Ensure that learners are adequately prepared for school events.

To assist guardians, we encourage guardians to be active in their approach to promoting good attendance by doing the following regularly:

1. Review their learner's live session schedule by reviewing their learner's UCT OHS school calendar.
2. Engaging with their learners to find out what happened in the live session

School

UCT Online High School does the following to support learner attendance:

1. Ensure that live sessions are meaningful sessions where learners can connect with their Subject Specialist and peers to deepen their understanding of the content.
2. Ensure that live sessions are scheduled well in advance to support learner and guardian planning
3. Ensure that changes to live sessions are communicated as soon as reasonably possible.
4. Where a live session does not happen, ensure that the relevant resources are made available to the learner.

Absenteeism is defined as:

- b. Family Emergency:
 - i. Absences from school (attending scheduled live sessions) should be reported to the support coach as soon as possible, and proper proof may be requested.
- c. Religious or cultural observances
- d. Appointments at court, social services or other official agencies. The school may request documentary proof.

11.4 Unacceptable Absenteeism

The following are examples of unacceptable reasons for absenteeism:

- a. Holidays taken during term time

UCT Online High School will not be held liable for any loss or theft arising from this nomination.

12.6. Certificate non-collection

- Where a learner or their guardian does not collect their certificate / statement of results within the stipulated time period this will require that the guardian submit an application for a re-issue at their own expense.
- When a certificate / statement of results is sent to a learner's residential address returned to UCT Online High School's centre, the learner will be contacted and informed of the return. Certificate / statement of results returned due to being unclaimed by the designated recipient will be re-sent at the guardian's written request at their own expense.
- Where a certificate / statement of results has been returned due to a failed delivery attempt, the fee payer will be liable for the cost of re-sending the certificate. Should an incorrect or outdated address be provided, the fee payer will be held liable for the cost of the resend.

15. Grievances

A grievance differs from an academic appeal as it relates to service or personal issues and not the academic outcomes of course work. A learner may file a grievance in the cases of an unresolved difference or dispute between themselves and the UCT Online High School, staff member or fellow learner related to services rendered or non-academic decisions.

Learners are encouraged to resolve grievances informally with the relevant party as soon as possible.

Where grievances cannot be resolved at the preliminary informal stage they will be escalated to the Head of School. If the Head is unable to resolve the matter it will be escalated to the Executive Head of School and Chief Academic Officer.

The UCT Online High School will always consider the circumstances of the learner and the grievance on a case by case basis and take necessary steps to protect the aggrieved individual, including keeping the identity of the individual confidential, where necessary.

Grievances with a staff member

Where an aggrieved individual has a grievance with a staff member, the learner and / or their parent(s) should discuss the matter with the relevant staff member in an attempt to resolve the grievance amicably.

Where this is not possible, the learner or their parent(s) should report the grievance to the Head of School who will facilitate a meeting in the attempt to arrive at a resolution. The Head will seek to resolve the matter and the matter will be closed at this level. The outcome of this process will be given in writing to all parties involved.

The Head of School will investigate the grievance and may request further information from the learner / parent and staff member or conduct a meeting with the relevant parties. As may be required, the grievance information will be provided to the assessment body of the qualification that the learner is enrolled for.

Grievances with fellow learners

Where a learner cannot resolve a grievance with a fellow learner informally, the aggrieved learner, or their parent, must lodge a written complaint with the Head of Student Well-beingness. The Head of Student Well-being will facilitate a meeting in the attempt to arrive at a resolution.

The outcome of this process will be given in writing to all parties involved.

If the matter remains unresolved the Head of Wellness is required to escalate the matter to the Head of School who will investigate and attempt to resolve the matter.

The Head of School will take all reasonable steps in resolving the grievance, which may include disciplinary action against the accused learner based on the circumstances of the grievance. Any action taken by the UCT Online High School against an accused learner will be confidential between the accused learner, the UCT Online High School and the awarding body as may be required.

Grievances against the UCT Online High School

Learners / parent(s) must submit grievances against the UCT Online High School in writing to the Head of School, via their dedicated Support Coach, who will facilitate the resolution of that grievance.

The UCT Online High School Operations and Governance Committee will consider and investigate the complaint, which may include a meeting with the learner and any relevant third parties taking the circumstances into account. As

may be required, the grievance information will be provided to the awarding body of the qualification that the learner is enrolled for.

After an investigation into any grievance brought by a learner / parent, the outcome may be communicated as follows, taking the circumstances of the learner and grievance into account:

in writing to the individual learner / parent and the various parties involved;

in writing to the learner body; and

verbally through a learner / parent meeting.

All grievances brought to the attention of the UCT Online High School will form part of a learner's formal record maintained by the UCT Online High School.

16. Learner wellness

UCT Online High School highly values and cares about the mental, emotional and social wellness of all learners. As such, each learner at UCT Online High School will be assigned a Support Coach for the duration of their time as a learner. The Support Coaches are in place to guide learners along their learning pathway and provide support aimed at growing functional, engaging and optimal individuals. Support Coaches cannot provide psycho-therapeutic intervention with respect to mental health challenges and disorders.

The school has a Well-being & Engagement team, which includes school counsellors who are available for short term therapeutic support. A school counsellor, as the designated safeguarding coordinator, is required to adhere to the school's Safeguarding of Children Policy and to alert guardians should it be identified that a learner requires a referral to an external expert.
