CRAZY FAST UPGRADE TO 10x

Reduce Your Upgrade Downtime by 80% or more

- **Fastest upgrade path for Lawson 10x**
- **An actual upgrade in place**
- **Your Lawson enterprise application live in a matter of hours, not days**
- **It is Here! It is Now!**

Don't UPGRADE your data – TRANSFORM your data!

Infor Lawson is most likely the single largest software application you operate. Over years of operation, data has accumulated and the size of the data base has introduced new challenges of administration, logistics and even the nightmare of planned and unplanned downtime. And, having Lawson off-line for any reason will impact your entire organization. As you plan your next major Lawson Application upgrade, you will not only consider new technologies and enhanced application functionality, you will also be challenged with ensuring that the server and data base environment will support the migration and upgrade effort.

Introducing TRANSFORM.S3

We are the experts. Nobody knows upgrades better. ClearSky's proven upgrade experience dates back to v5.x with 100s of successful upgrades. We have developed a framework that takes advantage of your data base engine which in turn provides for the most efficient upgrade in the history of Lawson.

The Future of Data for Everyone – TRANSFORM.S3: your 10x upgrade solution.
