

# TOKENS.COM & SUPERWORLD TO FORM STRATEGIC METAVERSE PARTNERSHIP

**TORONTO, ONTARIO, January 12, 2022** - [Tokens.com](https://tokens.com) Corp. (NEO Exchange Canada: COIN) (Frankfurt Stock Exchange: 76M) (OTCQB US: SMURF) ("[Tokens.com](https://tokens.com)" or the "Company"), a publicly-traded company that invests in crypto assets linked to the Metaverse, Decentralized Finance ("DeFi"), and Non-Fungible Tokens ("NFTs"), is pleased to announce that its subsidiary, [Metaverse Group](#), has entered a strategic partnership agreement with [SuperWorld](#) to invest up to \$1 million in virtual real estate on the SuperWorld platform.

SuperWorld is a virtual world in augmented reality (AR), digitally mapped over the surface of the Earth. Plots of SuperWorld land are represented as non-fungible tokens corresponding to real world space. Any user in SuperWorld can explore and create AR content, engage in a virtual real estate marketplace, or buy and sell NFTs in the SuperWorld NFT Salon.

"We are pleased to partner with SuperWorld and bring a greater selection of rental opportunities to businesses seeking to enter the metaverse. This purchase expands our eight figure virtual holdings and bolsters our ability to grow a significant presence as leading virtual landlords," said Andrew Kiguel, CEO, Tokens.com. "Tokens.com is one of the only companies providing public market investors with exposure to the metaverse."

The investment will be used to purchase plots of virtual land in SuperWorld, including virtual duplicates of popular real-world landmark locations, in which upcoming creative projects and events will be hosted by Metaverse Group. More announcements about these projects will be announced by Tokens.com, Metaverse Group and SuperWorld in the coming weeks. This will bring a larger brand marketing opportunity for businesses looking to enter the metaverse.
