WHO WE ARE

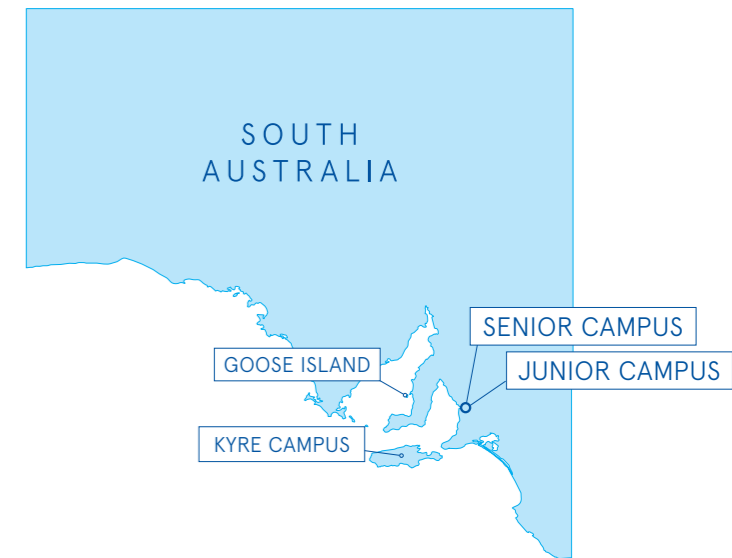

SCOTCH INTERNATIONAL EDUCATION

Scotch International Education was established in 2019 as a wholly owned subsidiary of Scotch College Adelaide, a prestigious coeducation day and boarding school located in South Australia.

Spread across 4 physical campuses and supported by the virtual ConnectED campus, Scotch College Adelaide offers a high quality educational offering, supported by a premium education brand.

For more than 100 years, Scotch College Adelaide has educated students from the early years through to the completion of their senior secondary schooling, offering a broad curriculum that is complemented by sport, performing arts, community service and enrichment activities.

In all areas, students at Scotch College Adelaide regularly perform well above state and national standards.

A CULTURE OF INNOVATION

LEADERS IN CURRICULUM DESIGN

Scotch College Adelaide is widely recognised as an innovative education setting, drawing on industry experts, tertiary institutions and community leaders to support program and curriculum design.

Scotch College has been at the forefront of wellbeing research and implementation in South Australia for 15 years. In 2023 we opened an AUD\$27million Wellbeing and Sports Centre, which is home to the College's proprietary Live Well program.

In a partnership project with the University of Melbourne (UMNOS), Scotch College Adelaide is developing a micro-credentialling framework for recognition of student capabilities.

With Flinders University, the College developed a unique framework for teacher professional development, which received publication recognition in national and international education journals.

For two consecutive years, Scotch College Adelaide has been acknowledged as one of the Australian schools at the cutting edge of change and innovation in the country, recognised for curriculum and assessment design, and stakeholder engagement processes. The curriculum at Scotch College is informed by coherence, rigour and relevance to local, national and global contexts and is underpinned by a focus on the wellbeing of students and staff.

Scotch International education has been established to take the innovative offering of Scotch College Adelaide to international partnerships.

GLOBAL CONNECTIONS

ONSHORE

Scotch College Adelaide has welcomed international students to study onshore for more than 25 years.

Residing with families, in homestay or in our beautiful boarding house, students from around the world have achieved academic success, providing a pathway to Australian or international universities.

Throughout their education at Scotch College, International Students work towards improving their English, achieving their best grades and developing lasting friendships.

CULTURE AND LANGUAGE IMMERSION PROGRAM

Scotch College delivers a bespoke culture and language immersion program to inbound international students who require English language tuition.

Unlike typical language programs, the Scotch College Culture and Language Immersion Program immerses students in the wider activities of the College, helping students to establish peer connections and commence some of their mainstream learning whilst undertaking intensive language tuition, facilitating a far more successful transition into an Australian school.

International student Rujinyi (Ruby) Chen, 2021 Dux of Scotch College Adelaide, achieving an ATAR of 99.65.

“

We love Scotch College because we are always supported and we have many people that help us with our studies.

The teachers and students immediately made us feel welcome and helped us find our way around the campus with many beautiful buildings.

GLOBAL CONNECTIONS

OFFSHORE

THE GLOBAL ALLIANCE OF INNOVATIVE LEARNING

Scotch College Adelaide is globally connected through a progressive confederation of eight forward thinking, independent, schools around the world.

Collaboration between the schools takes a range of forms including student exchange, collaborative student projects, teacher fellowships and training opportunities and an annual global conference.

GLOBAL CONNECTIONS

TRANSNATIONAL EDUCATION

Scotch International Education is the special purpose entity for working with offshore partners to deliver transnational education opportunities.

SCOTCH COLLEGE AGS

In partnership with Scotch International Education, Scotch College AGS has established 2 campuses in Ho Chi Minh City, offering a high quality Australian education to students in Vietnam.

TEACHER TRAINING

Scotch International Education provides ongoing teacher training and support to teachers in our partner school. Training ranges from formalized professional development in targeted areas, through to subject specific mentoring delivered by teacher based at Scotch College Adelaide.

Scotch has also undertaken teacher training pilot projects, including a webinar series for teachers in India in partnership with the South Australian Government, and a teacher training pilot project with AR International Education, providing professional learning about nurturing creativity in young students through STEM programs to teachers in China. We look to continue similar models with a range of partners to make access to contextualized high quality training possible for local teachers.

DELIVERING THE SACE: A WORLD CLASS CERTIFICATION

The South Australian Certificate of Education (SACE) is a globally recognised pre-university program that provides entry into the world's top universities. The SACE prepares students for success in university and in life. It is the official senior secondary qualification of the South Australian government. Graduates of the SACE have been accepted at top universities around the world for over 40 years.

The certificate is currently delivered in Malaysia, Vietnam, Korea, Sri Lanka, China, Vanuatu and New Caledonia. The Certificate also has national recognition with the Association of Indian Universities.

Scotch International Education works in partnership with SACE International to tailor the SACE curriculum to meet the needs of your school.

OPPORTUNITIES TO PARTNER

Scotch International Education offers a variety of partnership models, that can be tailored to meet the needs of our partner.

INTELLECTUAL PROPERTY

Scotch International Education can support international partners to develop programs that are contextually relevant, and suitable to the intended mode of delivery.

IP AND SCHOOL BRAND LICENCING

Scotch International Education can work with offshore education providers to establish a Scotch College branded school, which becomes part of a Scotch College international school network. Partners can leverage our IP in school operations and academic quality assurance to provide global education pathways for students.

EARLY LEARNING

We can work with international partners to design structured early learning programs and learning environments, that are referenced to curriculum frameworks, that have wellbeing at their core.

TEACHER TRAINING

Scotch International Education draws on the 100+ years of teaching excellence to work with local partners to deliver bespoke teacher training that is suitable to your context. We invite conversations so that we can tailor something that suits your needs.

CONSULTANCY

Scotch International Education can also provide a range of consultancy services which can be tailored to the needs of each partner.

These include but are not limited to:

MENTORING AND COACHING

Mentoring and coaching can be provided as part of any school brand or intellectual property licence agreement between Scotch International Education and partner organisations.

Mentoring for teachers is focused on teaching practice and assessment design in the context of an Australian Curriculum program and in delivery of the South Australian Certificate of Education (SACE). Scotch International Education works in collaboration with the SACE Board and teachers at Scotch College Adelaide to ensure that task design allows students to achieve academic success.

Moderation support is also provided for teachers across all school levels to ensure that student assessment is consistent regardless of context of program delivery.

Bespoke training can be tailored to our partner's needs and can include implementing a student capability framework, establishing an integrated inquiry approach to learning, addressing student capabilities within the SACE program, establishing or improving school operations or processes.

“

The students and teachers have made me feel part of the Scotch Community. I feel supported in both my studies and wellbeing.

When I leave Scotch I feel I will be ready to attend University and hope to move to America to continue studying.

Alan Liu
