

Olympia is pleased to offer you the ability to hold exempt market securities within your self-directed account.

Account Eligibility

- Eligibility of shares or other securities of private entities as “qualified investments” in registered plans and TFSAs is subject to various requirements of the Canadian Income Tax Act (the “Act”).
- Because of the complexity of the Act, such determinations are most often made by qualified tax professionals. Olympia is not in a position to make such determinations and does not provide any opinions on this matter.
