MEMORANDUM FOR: SEE DISTRIBUTION

SUBJECT: Approval of the 2022 Corrosion Prevention Technology and Innovation Symposium

The Office of the Under Secretary of Defense for Acquisition and Sustainment has approved the 2022 Corrosion Prevention Technology and Innovation Symposium consistent with the Deputy Chief Management Officer's Department of Defense (DoD) Conference Guidance, Version 4.0, issued June 26, 2016. While the Military Services or commands may choose to place additional controls on attending, this approval covers attendance for all DoD participants. The symposium serves as the primary integration activity amongst the greater DoD corrosion constituency and I encourage your fullest support.

The theme of this year's conference is *Corrosion Prevention as a Readiness Enabler*. The 2022 conference will be held at the El Conquistador Hilton in Tucson, Arizona, August 8-11, 2022. Our comprehensive technical program is structured to align with the goals of the National Defense Strategy and Secretary Austin's priorities.
